**Sharing insights on the company's performance, Mr. Rakesh Rawal, CEO, and Mr. Feroze Azeez, Joint CEO said,** "We continued to deliver another quarter of consistent, market-agnostic performance, driven by our uncomplicated approach and unwavering focus on our clients' financial well-being. The mean of year-on-year growth of our last 16 quarters profit has been 32.2%, with a median of 33.2% and a standard deviation of 4.5%, reflecting the consistency of our performance. Amid a sharp correction in equity markets, which also created opportunities for disciplined investing, we stayed focused on our approach. For this, we remain grateful to our clients for their continuous support and to our team members for their commitment and hard work.

Excluding the impact of fair value gains on investments, ESOP expenses, and related tax effects for FY26, our total revenue grew by 22% year-on-year to ₹ 1,198 crores, while Profit after Tax (PAT) increased by 28% to ₹ 386 crores. We also maintained a consistent track record of exceeding our stated revenue and profit guidance of ₹ 1,175 crores and ₹ 375 crores, respectively.

As part of our policy to reward shareholders, the Board has approved the issuance of one bonus equity share for every one equity share held and has declared a final dividend of ₹ 7 per equity share, both subject to shareholders' approval.

Our Assets Under Management (AUM) increased by 21% year-on-year, reaching ₹ 93,037 crores, compared to a 5% down in the Nifty over the same period, supported by steady net inflows and strong client engagement. We recorded net inflows of ₹ 13,457 crores for FY26, up 7% year-on-year.

This performance underscores our continued ability to attract new clients and deepen existing relationships, even in a challenging market environment.

We on boarded 1,663 new client families during last one year on net basis, bringing our total client base to 13,395 families. Our uncomplicated and client-first approach continues to translate into outcomes that matter. In FY26, our client attrition rate – measured by AUM lost – stood at just 0.54%.
