solutions
player

Anand Rathi Wealth Limited (ARWL or 'We') (Previously Known as Anand Rathi Wealth Services Limited) commenced business in 2002. Today, we are amongst India's leading non-bank wealth solutions firms, catering to high and ultra-high net worth individuals (HNIs and UHNIs).

We closely work with HNIs and UHNIs to facilitate their investments in financial instruments using our well-researched solutions. Further, our flagship Private Wealth (PW) vertical leverages our clearly stated and systematic approach to offer comprehensive solutions. Thereby aiding our clients achieve high quality experience in the journey of wealth solutions.

At Anand Rathi, our focus is on providing uncomplicated, holistic and standardised solutions to our clients based on an objective-

driven approach. This approach aids our clients in selecting the best investment option which best suits their objectives. Our core values of being fearless in showing data in an uncomplicated and transparent manner makes us a trusted partner in our clients' investment journey.

We offer thoroughly researched and comprehensive data to our clients to understand the probability of achieving their wealth goals. In addition, we handhold our clients in their journey of wealth management through efficient tax planning, plan their safety nets to protect their wealth from any unforeseen liabilities and build an estate plan to ensure near-zero transmission loss while transmitting wealth to the next generation.

Our Private Wealth Offering

Wealth Management is more than providing financial products. We offer holistic wealth solutions which start with understanding clients' complete financial assets and providing them well researched comprehensive wealth solutions.

Private Wealth

A journey that began as an AMFI-registered mutual fund distributor has now evolved. We have undergone a transformation to offer our clients well-researched solutions by facilitating investments in financial instruments through an objective-driven process.

Our holistic wealth solutions which start with the understanding of clients complete financial assets and providing them well researched comprehensive wealth solutions. Our focus is on serving High Net-worth Individuals (HNIs) – an attractive and underserved segment in terms of quality of service.

Data as of March 31, 2022

As per a Knight Frank report, India had 7.97 Lakhs HNIs (US\$ 1 Million+) as of December 2021 which is expected to grow at 76.6% over next five years to 14.07 Lakhs. There has been huge shift in a way HNIs are investing.

As a mechanism of wealth generation, Indian HNIs have begun to shift away from physical assets and toward financial assets.

We are present in 11 top cities across India in which HNI population is largely concentrated and growing.

Our commitments to long-term relationships define us. We focus on simplifying the wealth solutions for our clients. We assist them in selecting the finest

investment choice available and making the sound investment decision possible.

We are focused on developing uncomplicated wealth solutions for HNIs that help them in facilitating investments to achieve their chosen return and risk objectives along with efficient tax management while ring fencing wealth from any unforeseen circumstances through creation of private family trusts and achieving near-zero transmission loss through efficient estate planning.

This comprehensive approach resonates with HNIs and over a period of time, we have seen clients wanting to consolidate their wealth solution needs with us.

New Age Businesses

Digital Wealth (DW): DW is a fin-tech extension of our proposition, born from the extensive learnings of our experience in the Private Wealth solutions space. With an idea to address the large mass affluent segment of the market with wealth solution delivered through a 'phygital channel' (a combination of human distributors empowered with technology), it seeks to build a scalable and profitable model using this blend of technological capabilities and human interface.

We have witnessed encouraging results in our attempt to build a 'Partner'-led distribution model through which packaged wealth solutions are delivered. 'Partners' are IFAs and AMFI-registered Mutual Fund Distributors seeking to grow their business by taking the Anand Rathi brand, product research, selection and investment insights to their clients through an innovative, easy-to-use technology interface.

Unique Approach to Wealth Solutions:

Delivers service through a 'phygital channel' i.e. a combination of human distributors (physical) empowered with technology (digital)

Omni Financial Advisor (OFA): OFA is our strategic expansion for capturing the wealth management environment, which leverages technology to cater to the retail segment through a B2B2C model. We offer Mutual Fund Distributors (MFDs) with a digital platform via which they may service their customers and expand their businesses. As a long-term vision, we acquired a company providing financial planning tools for MFDs and pivoted to providing reporting and transaction services. To serve the customer, the highest standards of data security, accuracy, reliability, and authenticity were enforced. Our main strength is digitally enabling MFDs to better serve their clients. Our rich expertise in the wealth market, paired with our technological platform, has aided us in growing the business as one of India's biggest tech platforms for MFDs in terms of subscribers.

Chairman's Message

“

The year 2021-22 was a pivotal year for Anand Rathi Wealth Limited. It gives me immense pleasure to share that we have had a successful Initial Public Offer (IPO) and for this, I sincerely thank you for reposing your faith in us.

”

Dear Shareholders,

India remained the fastest-growing major economy in the world during 2021-22. Last year, India overtook the UK to become the 5th largest economy globally. According to the International Monetary Fund estimate, India will remain the fastest growing major economy of the world during 2022 and 2023.

Government finances are in much better shape than most of the peers. The banking system remains stable with signs of modest acceleration in credit growth. With close to US\$ 650 Billion foreign exchange reserves, India's external sector also remains resilient.

In 2019, India set forth its vision to become a US\$ 5 trillion economy by 2024-25, and it is heartening to see that despite the setbacks caused by the pandemic, India is now above US\$ 3.1 trillion economy. It is estimated to grow further at a rate of 8-8.5% this fiscal and is predicted to be the world's third-largest economy by 2030.

Like other economies and markets, India is facing many challenges. Yet, the nature and extent of such problems are considerably less in India. For example, despite downward revisions by many agencies in the recent past, most expect India to grow more than 7% during the current financial year. This is much higher than the growth expectations of any other major economy.

Historically, households in India have been quite risk averse and wary of investing their savings into volatile or uncertain return-based assets. A pursuit of safe bets has always driven India towards making investments in physical assets like gold and real estate.

With increase in start-ups, rising income levels and friendly macro factors with ease of doing business will drive growth of young HNI population in India, a big opportunity for wealth management firm to tap into underpenetrated market.

However, this pattern is slowly changing over time. Also, the country has seen a major shift in attitude from capital preservation to wealth creation. Strong economic expansion along with significant growth in per-capita income will drive the pace of wealth creation in India where investment towards financial savings is gradually increasing with increase in GDP.

Though India enjoys one of the world's fastest growing HNI populations both in terms of the number of individuals and the wealth levels, percentage of wealthy Indians remains very small compared with developed economies.

HNIs in India are now more and more inclined towards equity and equity-linked instruments and are keen on reducing exposure to real estate, gold and even looking at reducing debt allocation in pursuit of higher returns that comfortably beat inflation.

Despite all the external challenges, the work we have been doing to transform ARWL has made us an even stronger company than we were a year ago. It

has put us in a position to support a broad set of stakeholders, and it has positively impacted our results. There is still a long way for us to go, but we are confident as our foundation is strong and business model is robust. All of this has only been made possible by our perpetual emphasis on client-first policy and our belief that whatever is good for our client is good for us. We have lived by this philosophy and we promise to keep doing so in the years to come, only to serve our clients and contribute towards the country's growth to 5 trillion economy.

Yours faithful

Chairman

CEO's Message

“

I am happy to share that our Company posted robust performance for the year 2021-22 wherein revenue grew by 52%, and PAT by 184%.

”

Dear Shareholders,

Our revenue for the year stood at ₹426 Crores, registering a growth of 52% as compared to ₹279 Crores during the same period last year. Our PBT margin was healthy, and it stood at 39.4% in FY 2021-22. Profit after Tax for the year stood at ₹127 Crores, registering a growth of 184% as compared to ₹45 Crores during the same period previous year.

This performance was backed by strong AUM growth. Our total AUM was up 23% year-on-year at ₹32,906 Crores, within which we saw strong 56% growth in equity mutual fund. Client additions was another segment where we recorded a strong momentum. We added almost 973 families in 2021-22. On the RM side, we added 67 RMs (gross basis) this year, most of whom were promoted from account managers – our single largest source of future RMs and one of our competitive strengths.

Our family cum entrepreneurial work culture once again helped us earn the accolade of Great Place to Work and resulted in very low regret RM attrition of 1.98% for 2021-22. Lower regret RM attrition and client stickiness have helped us control our client attrition which was 1.49% in terms of AUM lost for 2021-22.

On the product side, we have been able to successfully diversify our sourcing of MLDs from new issuer. We continue evaluating all products offered in the market and their relevance in achieving our clients' return objectives without compromising on the objective of risk adjusted returns and liquidity for our clients.

Since the year 2000, Indian equities have been one of the best performing asset class globally supported by strong economic growth, good quality corporate earnings, increasing investment in Indian equity market both from foreign and domestic sources. Despite possibilities of near term volatility, outlook for the Indian equity market for the mid term and long

As we advance with broad-based recovery throughout the economy, improved market conditions and growing awareness of financial assets, especially mutual funds, we expect increased flow of funds and consistent growth in our AUM in the coming quarters.

term looks very attractive. Despite continued outflow of foreign portfolio flows from the secondary equity market since October 2021, greater allocation of domestic households into equity assets has enabled the domestic institutions, especially the mutual funds, to largely compensate for the FII outflow leading to resilience in Indian equity market.

The 4 engines of growth that will lead our way forward are in place:

- Market returns on AUM.
- Penetration in the existing 7,000+ clients families. There is massive scope of increasing our wallet share.
- Addition of new clients.
- Addition of new relationship managers.

All in all, with these 4 engines, to get a 20-25% growth in business, in my opinion, is very reasonable. We believe our long-term commitment to offer the most efficient wealth solutions to our clientele coupled with an entrepreneurial culture and a dedicated team of Relationship Managers will enable us to achieve strong growth in years ahead.

I thank our clients for having trusted us with their wealth portfolio and implementing the necessary actions during the year to benefit from the given market conditions. During our interaction with clients through the

year, we recognised that clients understand that nobody can predict crisis, as such there is a high probability that we will get impacted when there is a crisis. However, it is imperative that we stay calm, be positive and evaluate the situation logically and take timely actions to turn the crisis into opportunity. I believe that objective led wealth solution approach is the reason why we as a team have been able to successfully navigate various challenges and market conditions.

I would like to thank all the shareholders for their trust and belief in us, which helped us receive strong support on listing.

My sincere gratitude to all my fellow Board members for being pillars of support and for their trust, belief and support in our journey of making Anand Rathi a reliable and leading pure play wealth solutions provider.

We remain optimistic about the business potential and will continue to drive toward our vision while aiding our clients achieve high quality experience in the journey of wealth solutions.

Sincerely

Rakesh Rawal

Management Discussion and Analysis

INDIAN ECONOMY:

Despite the setbacks witnessed on account of the various concerns being faced at the global level, India's economic fundamentals remain strong. It is expected that despite the short-term turbulence (hardening interest rates, geopolitical fallouts, supply-side shocks, logistic concerns, increasing commodity prices, covid pandemic, etc.), the long-term prospects still remain intact. As the country recovers from the aftershocks of the pandemic-induced troubles and the Ukraine-Russia war, the results of the growth-enhancing policies and supportive schemes by the Central Government (Production-linked Incentive Schemes, Atmanirbhar Bharat Abhiyan, National Infrastructure pipeline). is expected to start kicking in only from the next fiscal onwards. Higher infrastructural financing and development will be crucial to address the existing gaps in the physical infrastructure, especially, in the rural areas. Through implementation of a credible fiscal strategy to bring down the Debt-GDP ratio, while meeting the multi-faceted development needs, all these measures are likely to have a multiplier effect on jobs and incomes, higher productivity and higher efficiencies. These are expected to translate into better economic growth and prospects going ahead.

A stronger emphasis on manufacturing and strengthening of the service sector, through various government schemes, backed by a push towards digitization and technological adoption and transformation, are also set to push India's march forward on the world front. Besides, as an obvious offshoot of the current geopolitical conditions, India has emerged as a favored alternate investment destination.

From the short-term standpoint, the next few months remain crucial from the economic lens as the Reserve Bank of India (RBI) and the Government work out to balance out the inflationary stress on the system, currency, external accounts, and fiscal deficit. India's ability to have endured the pandemic over the last couple of years, has already testified its resilience. This resilience is expected to guide the growth of the economy, for it to retain its status as the fastest-growing major economy over the next decade.

The great Indian success story over the last 25 years (1996-2020)

If we look back at the last 25 years, India's economic rise has been phenomenal. However, what is far less well-articulated is its all-pervasive growth. Today, India is regarded as a very credible investment destination for both, domestic as well as foreign investors. As a result,

India deserves a high share in clients' worldwide assets. Let us consider some of the Indian economy's feats that showcase its rise on the world platform:

- Fastest growing major economy of the world
- No. 1 in forex reserve accumulation from 11th rank in 1996
- Dominant in the receipt of remittances from non-residents
- Home to the largest no. of listed companies in the world
- Highest share of Information Technology (IT) service exports
- Rise from the 18th rank in 1996, to grab the numero uno status in enrolment of girl students at the primary levels
- Highest no. of personnel in the armed forces

With India having been accorded the status of the world's third-largest economy in terms of Purchasing Power Parity (PPP), India's forex reserves have swelled to become one of the highest in the world. In terms of real GDP, India, at the end of March 31, 2022 stood at sixth position globally.

Besides, to its credit, India has the second largest agricultural sector, growth in per head consumer demand, export growth, Intellectual Property Rights (IPRs) forming a substantial part of the capital investments and armed imports (in terms of military spending, India ranks 4th). India also enjoys a strong demographic dividend with a very young population, joining the workforce every year.

In terms of the manufacturing sector, India is the fifth largest in the world, while also being the fifth largest industrial economy. While India registered the most marked growth in the services sector with the value addition of the sector multiplying 7-fold over the last 25 years.

The country is the world's seventh largest consumer economy, up from 12th in 1996, with the consumer spending seeing a 6X growth over the period.

By 2015, India was already the third largest economy in terms of electricity consumption, and now also has the second highest share of renewable energy use in overall energy consumption among G-20 countries.

Having the 4th largest railway network in the world, the Indian railway carries the second largest no. of passengers in the world, and the fourth largest in terms of cargo. While in terms of air passengers, India ranks third.

Management Discussion and Analysis (Contd.)

India also became one of the top-five in terms of Foreign Direct Investments (FDI) inflows. Furthermore, India is ranked fourth in terms of witnessing the sharpest increase in domestic investment amongst major economies. Alongside, domestic savings have also witnessed a multi-fold increase over the past 25 years. India has made giant leaps in terms of its equity market capitalisation.

India is also making rapid strides in science and technology, with a particularly higher no. of scientific and technical publications being created. Alongside, India also ranks seventh in terms of no. of patents being filed by Indian citizens.

Considering the way India has progressed and its ranking in the world map, India is increasingly becoming a preferred investment destination, globally.

The year that went by

India is one of the fastest-growing major economies in the world. Having clocked a contraction of about 6.6% in FY 2020-21, largely driven by the pandemic-induced stress, the GDP (in real terms) is estimated to have grown by 8.9% in FY 2021-22. These nos. are as per the World Economic Outlook published in April 2022, released by the International Monetary Fund (IMF). The growth is an indication of the economic activity having recovered from the lows of the pandemic and in certain areas, the pre-pandemic levels too. The economic impact of the 'second wave' in the first quarter of FY 2021-22, seems to have been much lesser than what was experienced during the year prior to that.

According to the Economic Survey released by the Indian Government in January 2022, the GDP growth is estimated at 9.2% in FY 2021-22, which is higher than the latest estimates by the IMF. In line with these estimates released by the Economic Survey, the Agriculture and allied sectors were the least impacted by the pandemic having grown by 3.9% in FY 2021-22, compared to 3.6% in the previous year, as a result of the record levels of areas sown under the Kharif and Rabi crops, good monsoon, higher procurement of food grains under the central pool and adequate policy support. The industrial sector witnessed a sharp rebound with an estimated growth of 11.8% in FY 2021-22 compared to a contraction of 7% in FY 2020-21, with the manufacturing and construction picking up momentum, post the easing of the lockdowns imposed in the previous year. This, while the service sector witnessed an estimated growth of 8.2% in FY 2021-22, compared to a de-growth of 8.4% in the previous fiscal. The private consumption is subsequently estimated to have significantly improved to recover 97% of the corresponding pre-pandemic output levels. This recovery is expected to be led by higher vaccination coverage, coupled with normalisation of the Indian economic activity and policy thrust to quicken the virtuous growth cycle through Capex and infrastructure spending and higher budgetary allocations. This shall be supported by gains from the supply-side reforms and easing of regulations, robust export growth and availability of fiscal space to ramp up capital spending.

Management Discussion and Analysis (Contd.)

The Indian financial markets have also performed admirably, allowing for the unprecedented risk capital mobilisation by Indian enterprises. With the broader capital market indices, BSE Sensex and NSE Nifty having reached all-time high levels of 62,245 and 18,477 respectively, in October 2021, the year witnessed a plethora of IPOs. An amount to the tune of ₹ 1.11+ Lakh Crore was raised in FY 2021-22 - a record high compared to the other years.

Furthermore, in line with the straining geopolitical conditions arising because of the Russia-Ukraine fallout in March 2022, there have been far fetching effects on the various economic aspects, leading to inflationary conditions. However, with the good prospects, higher vaccination coverage, gains from the supply-side reforms, regulatory easing out, healthy export growth, and availability of fiscal headroom is likely to lead to a GDP growth of 8.2% in FY 2022-23 and further moderate to 6.9% in FY 2023-24.

INDIAN CAPITAL MARKETS:

The Capital Markets are instrumental in mobilisation of savings through activation of the transfer of the ideal monetary resources to financial assets. The Indian capital market includes both, the share or stock market and bonds market, which deal in shares and debt securities, respectively. Further bifurcating the market, it is divided

into gilt-edged market [government and semi-government securities, backed by the Reserve Bank of India (RBI)] and the industrial securities market (shares and debentures of new issues and secondary markets). The securities traded in gilt-edged market offer higher stability and hence, are much sort after by the banks and other institutions. Whereas the new issue market deals with corporations generating new capital in the form of shares and debentures, whereas the old capital market deals with securities that have previously been issued.

Equity Market

FY 2021-22 can be accorded as a sunrise year for the Indian stock market, when compared to the other major indices across the world. The National Stock Exchange's Nifty Index witnessed a ~19% growth during the year, compared to the previous year. The small and mid-cap indices rose by 29% and 25%, respectively, over the same period. On the other hand, the BSE Sensex clocked a growth of 18.3% over the previous year. It was the best year for BSE Sensex in history, as it moved up by more than 10,000 points for the first time in a single year. Considering CY 2021, it had gained 10,054 points across the year. In terms of percentage increase, this was the best performance in the previous 4 years. What makes this growth (whether FY or CY) even more spectacular is that it was on the back of a solid pounding, when the broader indices had fallen by 50% and more at the advent of the lockdowns being imposed owing to the Covid pandemic in the country in March 2020.

Management Discussion and Analysis (Contd.)

On March 31, 2022, for the very first time, India's equities market had entered the world's top five countries in terms of market capitalisation. The country's total market capitalisation stood at US\$3.5 Trillion, which is more than the market caps of Canada, France, Saudi Arabia, UK

and Germany markets. The rise is owing the economy's resilience despite the Russia-Ukraine conflict, which has thrown the European country rankings into disarray. The European countries suffered the greatest losses in market capitalisation, for instance, Germany, which was formerly one of the top five markets, is now ranked tenth.

The tailwinds for the stock market rally in India

It would be safe to say that FY 2021-22's stock market rally was indeed driven by the strong flow from retail investors which has also provided cushion to the foreign investor outflows. The Domestic Mutual Fund Investors pumped in net investments in Equity markets of ₹ 1,36,781 Crore, compared to net outflow of ₹ 1,28,896 Crore by Foreign Institutional Investors (FIIs) in FY22.

The increase in the no. of Demat account openings – a proxy for individual retailers trading in the stock markets, along with the net investment figures of foreign investors highlights the growth trend clearly. As on March 31, 2022, the total no. of folios stood at 12.95 Crores, increasing by 7.7% over the previous year with higher and higher no. of accounts remaining active.

(Source: AMFI)

The Demat account openings continued to swell gaining a rapid momentum over the entire of FY 2021-22. The no. of active Demat accounts witnessed a growth of 63% to 89.7 Million during the fiscal. This was on the back of an addition of over 2 Million new accounts every month since March 2020.

Management Discussion and Analysis (Contd.)

The broad-based growth was fuelled by the factors such as higher smartphone usage, easier and simplified digital onboarding of customers, attractive returns offered by the markets, better returns offered than other asset classes, rise of brokers, amongst other factors. While the pace of new account additions may not sustain over a long period, however, there is a high likelihood of the growth figures being a high double-digit number in the coming years. Besides, despite such a huge increase, the penetration of the Demat accounts are still low compared to traditional Fixed Deposit Accounts and Saving Bank Accounts, highlighting enough room for growth.

Debt Market

In a bid to contain inflationary pressures, the Monetary Policy Committee has increased the repo rate by 40 bps and 50 bps in consequently meeting held on 4th May 22 and 8th June 22, taking it to 4.9%, and changed its policy stance to 'focus on withdrawal of accommodation'. The move was further aimed at strengthening and consolidating the economy's growth and medium-term prospects. With the crude oil prices remaining volatile while even going above US\$ 100 per barrel, the global food and energy prices firmed up further, touching a record high in March 2022. Despite the RBI's commitment to a slow and gradual withdrawal of accommodation, to bring inflation in the range of 2-6%, the Consumer Price Inflation (CPI) rose by 7.01% in June 2022 (an 8-year high), over June 2021. The strengthening global persistence of price shocks pose higher inflation risks than anticipated in the June 2022 Monetary Policy Committee (MPC) resolution.

Correspondingly, the RBI also hiked the Cash Reserve Ratio (CRR) by 50 bps to 4.5% (in April 2022). This simply means the share of a bank's total deposit that it is mandated to maintain with the RBI in the form of liquid cash. This was brought into effect from May 21, 2022, to pull out ₹ 87,000 Crore from the banking system. As a result, the Marginal Standing Facility (MSF) rate and the Bank Rate was also adjusted from 4.65% to 5.15% and the Standing Deposit Facility (SDF) rate was revised from 4.15% to 4.65%.

Amid this scenario, the focus of the RBI on preserving financial stability and restoring market confidence by implementing strategies to rebalance liquidity on a

dynamic basis has been more pronounced than ever. The Voluntary Retention Route (VRR) scheme was introduced in March 2019 to facilitate long-term investment by Foreign Portfolio Investors (FPIs) in debt securities issued by the Government and the corporates. The enhancement of the limit for investments under the scheme is being considered by ₹1.0 Lakh Crore from ₹ 1.5 Lakh Crore at present to ₹ 2.5 Lakh Crore with effect from April 1, 2022. This would provide access to additional sources of capital for the domestic debt market, including Government securities (G-Secs).

Furthermore, fiscal 2021-22 witnessed a gradual recovery in the economic activities, highlighted by deleveraging corporate balance sheets, making them leaner. This was further marked by increased risk aversion by banks, leading to excess liquidity parked in the reverse repo and Government securities. Similarly, the robust demand in the debt market primary issuances was fuelled by the measures undertaken by the regulators to maintain monetary accommodative policies along-side targeted credit programmes such as long-term repo operations (T-LTROs), Partial Credit Guarantee Scheme (PCGS), launch of debt Exchange-Traded and index funds (ETFs), along with surplus liquidity amongst others.

A rally in the stock market generally tends to raise the bond yields as the money moves from a relatively safer investment bets to relatively riskier equity stock markets. At the other end, in case of a high inflationary pressures, the investors tend to move back to bond markets and dump equities. As a result of this existing scenario prevailing in India with stock market volatility, inflation worries, widening fiscal balance and monetary policy tightening, India's benchmark 10-year bond yields reached a 3-year high at 7.62% as on June 16, 2022. This, after dipping to sub-6% in the second half of FY 2020-21 when the equity markets were recovering in the aftermath of the pandemic-related shocks. Following a hawkish tilt from the RBI and hardening US bonds, despite the rate hike expectations, having become even more prominent since the latest hike in May 2022, the current market yields seem to have already discounted for a reasonable amount of policy normalisation.

In terms of other trends, there could be a section of investors switching from other asset classes to fixed income owing to higher nominal rate expectations, with a smart recovery being expected in the second half of FY 2022-23 on the back of the interest rates forming an equilibrium after absorbing RBI’s policy actions.

INDIAN WEALTH MANAGEMENT INDUSTRY:

India’s Wealth management is a type of investment advising service that integrates various financial services to meet the demands of individuals. The financial adviser gathers information about the investor’s desires and individual situation through a collaborative approach, then creates a customised and a diversified financial products and services. Given India’s economic prospects, good demographics, growing income levels, higher number of taxpayers every year, increasing number of US\$ Millionaires and the current levels of low penetration, the Indian Wealth Management industry is on a steady upward trajectory. While India’s affluent population is modest in comparison to established markets, the country’s wealth is expected to expand rapidly in the future. The crucial factors for a high-growth wealth management business in India include a huge and youthful mass affluent section which is emerging partially due to the technology intervention; an increase in global Indians’ wealth; and the Indian

government’s attempt to regulate unlawful channels of money and tighten capital market laws.

Key Growth Drivers for the Wealth Management business in India:

- **Increase in Wealth and HNI Population**

India is aspiring to move a step up in the global prosperity ladder, from its current classification as a lower-middle income country. The conditions have sure improved in the last three decades since per capita incomes have multiplied, poverty levels have reduced, illiteracy rates have gone down, and even the health conditions have witnessed an improvement. The rise in wealth is being assisted by the Indian economy’s growth and rising industrialisation, which is also leading to the swelling population of High Net Worth Individuals (HNIs) as per the Knight Frank Databank compiled using the wealth sizing model. Likewise, the population of UHNWIs is also likely to go up drastically.

In addition to the increasing UHNI and HNI population, the increasing number of taxpayers declaring an income of over ₹ 1 Crore are also expected to reach 3,00,000+ by FY 2025, multiplying by more than 3X over FY 2017-18, as per a CART Industry Report.

Increasing Penetration of Mutual Fund Market

Since FY 2014-15, the Mutual Fund Market has witnessed consistent inflows as well as growth in AUM and growth in number of investor folios. Considering the last five years, the AUM of MF industry has increased from ₹ 17.55 Trillion on March 31, 2017 to ₹ 37.57 Trillion on March 31, 2022, which translates into an incredible more than two-fold rise at a Compounded Annual Growth Rate (CAGR) of 16.45%. The number of investor folios has also more than doubled in the last five years, from 5.54 Crore on March 31, 2017 to 12.95 Crore on March 31, 2022 i.e. an extraordinarily strong CAGR of 18.51%. This translates into an average of 11.96 Lakh new folios being created per month, since February 2017.

India's Mutual Fund industry, despite its burgeoning size and rising growth profile continues to be underpenetrated with a mutual fund penetration rate (the ratio of period ending mutual fund AUM to GDP) of 16.18% in FY 2021-22. The corresponding figure in FY 2020-21 stood at 15.92%,

recording a rise of 26 bps. Although the growth may be minuscule, it is noteworthy to consider that the ratio in FY 2011-12 stood at 6.72%, indicating that India has come a long way.

However, the country is fairly underpenetrated when compared to a global average of 75-80% for CY 2020, as per certain estimates. India accounts for less than 2% of the global mutual fund industry, which showcases a significant headroom for growth for mutual fund assets.

Considering the scheme-wise composition of assets, as on March 31, 2022, the proportionate share of equity-oriented schemes stood at 48.9% of the industry assets,

while the proportionate share of debt-oriented schemes stood at 23.1% and for ETF market, it stood at 11.6%. This also signifies an increasing level of investments in equity-oriented schemes which grew from 42.6% as on March 31 2021 to 48.9% as on March 31 2022 - reflecting an increase of 6.3 percentage points. Thereby leading to a subsequent reduction in the share of the debt-oriented schemes from 31.1% to 23.1% over the corresponding period.

Management Discussion and Analysis (Contd.)

- B30 cities vs T30 cities**

The demographic trends are also likely to support the growth of the industry going forward – these include and not restricted to the rising investments and participation of investors from B30 cities, increasing retail participation, increasing investible wealth across mass affluents, are all likely to again lead to a need for wealth advisory funds to fuel their aspirations.

One key trend that has dominated the wealth management industry in the urban set-up, is the higher no. of investors having access to advice from large banks and wealth managers, but mass affluent clients depending on IFAs (Independent Financial Advisers) for Mutual Fund advice. This again, is translating into immense potential emerging from the untapped markets.

Looking at the numbers published by AMFI, in April 2022, only 17% of the assets of the MF industry came from B30 cities, while a whopping 83% came from T30, reflecting the higher no. of investors coming from the urban centres. However, the Y-o-Y growth in the B30 cities was higher at 25% compared to April 2021.

- Role of Distributors**

The distributors have remained a key player during the orbital shift of the industry led by the strong participation from the retail investors which in turn has complimented the industry’s growth. Stability of commissions and increasing investor participation through distributors have been a key driver for the growth of the industry.

As of April 2022, 55% of the assets of the mutual funds came through the distributors, and about 45% came through the direct route. Categorising further, only about 18% of the retail investors and 24% of HNIs (as per AMFI’s definition, the HNIs are classified as investors having a ticket size of ₹ 2 Lakhs and above) chose to invest directly. In terms of scheme-wise composition, only about 23% of the investments were through the direct route, in the equity-oriented schemes. These trends are likely to further support the growth of the wealth management consulting services.

- Regulatory Support**

There has been a constant push from the government and the regulators to boost investors’ confidence to create financial awareness, educate them, simplify products, lower costs, for them to participate in the equity / debt market through focus on client-centricity, fiduciary responsibility and compliance. These are also enabling the enhancement of the acceptance of other financial products in the country. Furthermore, SEBI’s drive, to push the mutual fund products in B30 cities and beyond has also started showing results. The push in rural areas and the recovery is also driving the idle income and bringing the wealth in the main realm of the financialisation.

- Increase in the number of Start-ups and Unicorns in India**

In India, 44 start-ups achieved a unicorn status in CY 2021. After the United States and China, which added 487 and 301 unicorns, respectively, in 2021, India surpassed the United Kingdom to become the third biggest country in terms of Unicorns. India has 83 Unicorns as of January 14, 2022, with a total valuation of US\$ 277.77 Billion. Over the previous six years, India has risen dramatically, with the services sector accounting for much of this growth. This is clearly reflected in the growth of start-ups over the last few years. FY 2016-17 witnessed 121 districts with at least one new startup and grew up to 555 districts with at least one new startup in CY 2021. As of January 10, 2022, more than 61,400 start-ups had been certified in India.

Management Discussion and Analysis (Contd.)

- **Digital Wealth/Phygital Channel**

Wealth Management is one of the most appealing financial service industries globally, with fewer capital needs, stronger growth opportunities, and a higher cost to income ratio (CIR) than most other banking operations. However, the Wealth Management business is undergoing substantial transformations as a result of technological advancements.

The nature and delivery of financial advisory has evolved owing to the technological innovations in the wealth management space. Digitisation is also enabling creation of opportunities for new client engagements through convergence of both the physical and digital worlds. The changing trends in the increasing number of online trading, brokerage, investment, direct-to-consumer (D2C) and robo-advisors offering user-friendly, low-cost automated solutions are being fuelled by technology adoption. These trends entail coverage for core functions such as investing, asset allocation and portfolio management, and reporting as well. Asset and wealth managers are also restructuring their business models to expand their distribution reach by leveraging technology, while concentrating making processes paperless, easy, faster and on real-time basis.

Already, there are many Wealth Management service providers, who offer segmented client solutions, equipped with a highly individualised communication and investment approach (e.g., FinTechs, robo-advisors). Playing the complete symphony of services linked to customers' requests, along with a tight relationship and a strong brand identity, is an approach that is likely to be extremely effective in defending market position for the players. To deliver Wealth Management services to current and prospective clients in the best possible way, there are three essential processes, as indicated in the figure below.

As a result, the technique of classifying Client-centricity is the most crucial ingredient and an effective way for a company to adopt digitisation, since the client-centric businesses are 60% more lucrative than non-customer-centric businesses. Its most important feature is to create a pleasant client experience throughout the whole value chain, building a culture centered on the client and their demands by providing a 360° customer perspective with the purpose of anticipating the customer's wants and desires.

- **Growth in Financial Assets**

One key trend emerging in the Indian market, is the financialisation of savings, which is effectively showcasing a trend shift from physical to financial assets – i.e., from the traditional Indian mindset of investing in conventional and 'more secure' assets like gold and real estate to pure-play financial assets. The gradual pick-up in economic growth, benign inflation and diminishing attractiveness of physical assets, owing to their subdued returns as investment options have also led to a surge in household financial savings in India. These financial savings are thus expected to find their way into mutual funds, primarily led by the awareness around the product, as is evidenced from the growth in the last five years or so.

The Indian wealth management business has seen a huge increase in wealth, estate and succession planning solutions, on the back of other advisory solutions. The industry has also received ample support owing to the adoption of rapid technology, as well as the improving quality of investment and asset management assistance.

Besides, the financial assets are expected to expand at a far higher rate than tangible assets during the next five years. Financial assets are predicted to account for nearly 63% of total individual wealth by CY 2025, up from 57% in CY 2020, while tangible assets are anticipated to account for 37% of the overall wealth, down from 43% in CY 2020 for the same period.

Outlook:

The wealth management services business in India has also been growing in tandem with the increase in the number of UHNWIs and HNIs in the country. According to the Knight Frank Databank, the number of HNIs in India is about to grow by 76.6% by CY 2026 to 14,07,287 as compared to 7,96,961 in CY 2021. Likewise, the number of UHNWIs is expected to clock a 39.4% growth for the corresponding period to reach about 19,006 in CY 2026. The proportion of wealthy Indian populace, although increasing, despite being smaller compared to the developed economies, has one of the world's fastest growing UHNWI populations, both, in terms of number and wealth levels. Thus, the inclination towards building a strong financial assets portfolio, along with the supporting demographics is likely to pose a big opportunity for the wealth management firms to tap the unpenetrated areas.

Besides, some trends do suggest that the sector is mostly concentrated in the urban market, leaving most of the Indian population untouched. One of the most important factors for industry is to establish confidence with the potential customers, which necessitates continual branding, trying to overcome integrity obstacles, investing in technology, and focusing on clarity and adherence. There is a massive opportunity for a wealth management firms to tap into this underpenetrated market with significant upside for future growth. Alongside, with strong factors supporting

economic expansion and growth, along with significant per capita income increment, the investments towards financial savings are likely to continue their growth charter.

Going forward, the wealth management demands of the potential customer would be defined by increased knowledge, a shift in attitude toward growing money rather than preserving wealth, and technological improvements. Thus, technology adoption is anticipated to play a major influence in determining the beneficiaries. The players who would successfully be able to cater the increased demand and have cost effective methods to service this clientele in a relevant manner would have a definite advantage over the long term.

COMPANY OVERVIEW:

Anand Rathi Wealth Limited (ARWL) is part of the Anand Rathi Group, which was founded in 1994 by Mr. Anand Rathi and Mr. Pradeep Gupta with an emphasis on stock-broking offerings and has since grown into a wide range of financial products consortium in India with a presence in sections such as non-banking financial services, wealth management, stock-broking, investment banking, and insurance broking. The Anand Rathi Group has grown its geographic reach and now has presence across India and the Middle East, which are serviced by business associates and representative office buildings firms.

Management Discussion and Analysis (Contd.)

ARWL is one of India's leading non-bank wealth solution firms in India. The Company's main Private Wealth (PW) vertical caters to HNI and UHNI segment with well-researched solutions that facilitate investments in financial instruments through an objective-driven process. Our focus is towards HNI segment of clients (i.e., individuals with net worth between ₹ 5 Crores to ₹ 50 Crores), which is an attractive and underserved segment in terms of quality of service. We further believe that creating a platform to serve this segment is often time-consuming and difficult to build. In our experience, Clients belonging to the HNI segment are less price sensitive and appreciate the high quality and personalised services we offer.

As on March 31, 2022, we manage approximately ₹ 32,054 Crores in assets for 7,082 active client families in India. Bengaluru, Chandigarh, Chennai, Delhi, Gurugram, Hyderabad, Kolkata, Mumbai, Noida, Pune, Rajasthan, and Dubai are among the 12 places where we have 271 Relationship Managers who drive our wealth solution offerings.

In addition to the PW segment, we have two other new-age technology-led business verticals, i.e., Digital Wealth (DW) and Omni Financial Advisors (OFA). Debuted in 2016, DW has achieved promising results in its endeavour to develop a 'Partner-led' distribution network. The DW vertical is a fintech expansion of Company's offering, addressing the

market's vast mass wealthy sector (i.e., persons with financial assets ranging from ₹ 1 Lakh to ₹ 50 Lakh) with a wealth solution given through a 'phygital channel,' or a blend of human contact and technology. Our OFA vertical is another strategic extension for capturing the wealth management landscape through which we provide a technology platform for Mutual Fund Distributors (MFDs) to service their clients and grow their business.

STRENGTHS THAT DIFFERENTIATE US FROM OTHERS

1. Focus on the underserved and less price sensitive HNI segment:

Our research about the market has enabled us to identify the most underserved yet lucrative HNI segment with net-worth of ₹ 50-500 Million. These individuals seek quality and value addition as opposed to low-cost solutions. Our expertise and experience allow us to leverage uncomplicated, standardised and research approach to scale values over a period of time.

2. Objective-driven approach:

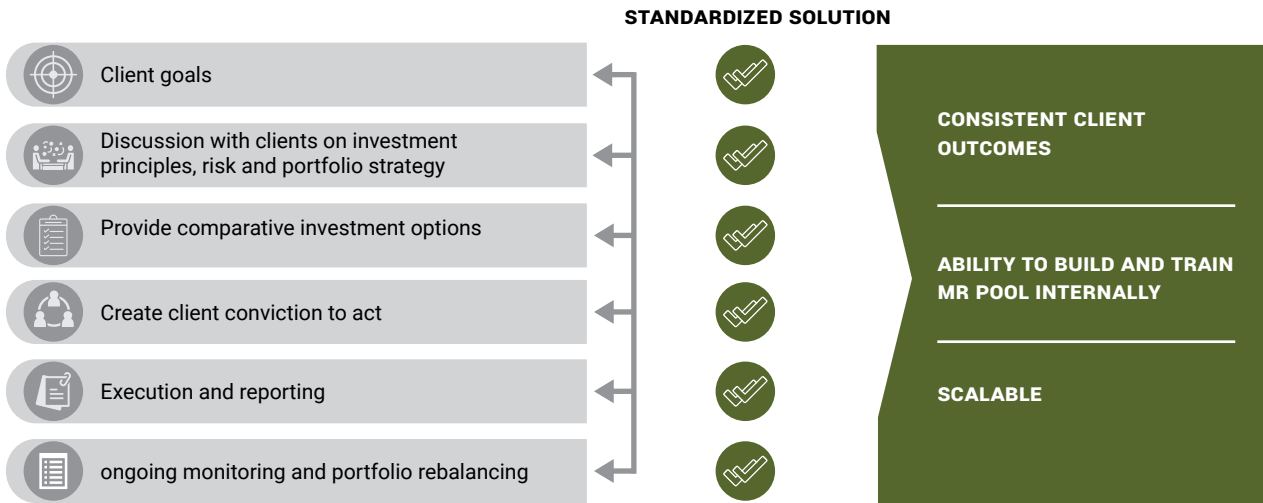

We believe in an 'uncomplicated' objective-oriented approach which helps our clients identify their wealth goals and underpins their investment decisions. Our process driven approach enables us to provide customised wealth solutions to our customers. This approach is based on offering optimal combination of mutual funds and MLDs making it relatively simpler for clients to understand. This combination envisages liquidity in addition to limited risk to capital. Thereby, helping us create value for our clients in the medium and long term.

3. Value-added services:

As part of our holistic and comprehensive service approach to clients, we also offer estate planning,

succession planning and creating wills. This safeguards and enables smooth transmission of wealth, which brings effective long-term relationship.

4. Experienced Team:

A skilled management team with vast expertise in the private wealth industry guides ARWL at the top, who lead from the front. They are technically the RMs of the Company first, and leaders later. Data and logic supersedes the position in the Company. The leadership has played a crucial role thus far, in shaping up the culture of the organisation and is expected to continue the same role going forward too. The next in line, including the Relationship Managers (RMs) and Account Managers (AMs) are highly skilled with great academic and professional backgrounds.

5. Relationship Managers – Our warriors

Their RMs recruitment and retention for the firm cannot be underscored. We have built a culture that boasts of being an inhouse nursery for future RMs as well. The value proposition is a culmination of the painstaking efforts of more than 15 years having built a strong base to ingrain this. This proposition is

further underpinned by the increasing proportion of the RMs who have been in the system in the 5+ years' vintage category.

The RMs are very experienced and well-equipped to review a client's entire balance sheet and accordingly, based on risk appetite, recommend solutions to them to maximise their returns, through a set process and strategy.

6 Entrepreneurial work culture:

We constantly strive towards enhancing our work environment and work culture. We promote and focus on an entrepreneurial work culture as an integral part of our business strategy. We encourage and help our RMs to prepare their own business plans, focus on new client acquisitions without any geographical restrictions or collaborate with other team members, and actively mentor new hires. Besides, owing to a true entrepreneurial culture, we have in place revenue based 'uncapped incentive' policy. A transparent and a standardised formula-based approach has been adopted since inception. Our all employees in the role of business heads, including unit heads and team leaders, actively also work as RMs and manage client relationships.

Management Discussion and Analysis (Contd.)

7. Unique Hiring Strategy

We have a unique RM hiring strategy. We hire account managers, who are business management graduates from top b-schools / CAs (rank holders / first attempt passed) by qualification. These AMs assist RMs in servicing clients. Each RM is usually assisted by one AM. A regular development and nurturing plan is in place that focuses on intensive training and guidance, to hone their skills to transition to RMs.

8. Digital Offerings:

We feel that Information Technology is one of the most important indicators for our organisation's smooth operations and hence always placed it a strong priority. In keeping with the digital wealth management vision, we have provided digital tools to the human resources across the organisation and even to our channel partners. Utilising technology, a whole packaged Digital Wealth (DW) solution is supplied through a completely changeable and adaptable business model. Another is Omni Financial Advisor (OFA) is a platform for IFAs and their clients with a co-branded mobile-first integrated technology platform, serving the broad retail industry.

Revenue from Operations	265	417
Total Revenue	279	426
Total Operating Expenses	196	240
PBT	63	168
PAT	45	127

Revenue:

Our overall revenue from operations increased to ₹ 417.49 Crores for FY 2021-22 from ₹ 265.33 Crores for FY 2020-21, representing an increase of 57.35%. This increase in can be attributed to the following reasons:

- Increase in trail income from ₹ 90.23 Crores for FY 2020-21 to ₹ 153.97 Crores for FY 2021-22, growth of 70.63% Y-o-Y.
- Increase in income from distribution of financial products from ₹ 168.64 Crores for FY 2020-21 to ₹ 258.76 Crores for FY 2021-22, growth of 53.44% Y-o-Y.

Employee Expenses

The Employee benefit expenses went up by ₹ 40.73 Crores to ₹ 191.49 Crores for FY 2021-22 from ₹ 150.76 Crores for FY 2020-21, representing an increase of 27.02%. The increase could be attributed to the increase in our total employee count and investments towards learning and development undertaken for their upskilling. The employee count increased from 716 as of March 31, 2021 to 827 as on March 31, 2022.

Other Expenses

Other expenses primarily comprised of office rent, business promotion and marketing expenses, travelling and conveyance expenses, Data Processing and IT-enabled services, Communication expenses etc. Total other expenses increased by 8.45% Y-o-Y from ₹ 44.99 Crores in FY 2020-21 to ₹ 48.80 Crores in FY 2021-22.

Profit Before Tax (PBT):

For FY 2021-22, we recorded a PBT of ₹ 167.67 Crores, representing a robust growth of 166.64% over ₹ 62.88 Crores recorded in FY 2020-21. This increase was on account of overall improvement in operational efficiencies. Total operating expenses grew by 22.75% Y-o-Y, from ₹ 195.75 Crores in FY 2020-21 to ₹ 240.28 Crores in FY 2021-22. This has resulted in improvement in PBT margin from 22.52% in FY 2020-21 to 39.39% in FY 2021-22.

Profit After Tax (PAT):

Our PAT improved significantly recording a growth of 184.15% to ₹ 126.80 Crores for FY 2021-22 as against ₹ 44.62 Crores for FY 2020-21. This growth can be attributed to the 121.96% Y-o-Y growth recorded in EBITDA and lower depreciation, interest cost and effective tax rate compared to the previous year.

RISK MANAGEMENT:

The Company has an excellent risk management policy in place, with multiple risk strategies, rules, processes, and systems in place to control and minimise risk such as credit risk, liquidity risk, market risk, interest rate risk, foreign currency risk, equity price risk and digital risk as the Company has its presence digitally also. The Company has a comprehensive integrated risk management department that looks after both, historical and forecasted data risk associated with the Company and mitigates those risks to stabilise the business operations.

Management Discussion and Analysis (Contd.)

Risk	Impact	Mitigation
Dependency on AuM Performance	We earn distribution commission from asset management companies. We also generate a part of our operating income through purchase and sale of financial products to our clients. The mutual fund products distributed, and financial products sold, to our clients constitute a significant part of our AuM and revenue.	We follow an uncomplicated, standardized and research-based approach to offer appropriate financial products to clients. Post screening of client's balance sheet a detailed research is conducted that helps us identify products that best suits our clients expectations.
Regulatory	We are subject to regular scrutiny and supervision by various regulators, statutory bodies and self-regulatory organisations such as SEBI and AMFI. The requirements imposed by these regulators are designed to ensure the integrity of the financial markets and to protect investors' interests. Any non-compliance with regulatory guidelines and directions in future may result in regulatory actions, which includes issuance of administrative/warnings/deficiency letters, fines or sanctions imposed by these regulators and, in certain circumstances, could lead to revocation of certain of our licenses.	Our compliance team aims to ensure that we comply with applicable regulations including the Securities and Exchange Board of India (Intermediaries) Regulations, 2008, the Securities and Exchange Board of India (Investment Advisers) Regulations, 2013, the industry body, Association of Mutual Funds in India (AMFI) and various circulars and notifications issued by SEBI from time to time. The team is responsible for compliance with various laws including corporate law, rules and regulations prescribed by the RBI and SEBI. Periodic compliance checks are conducted by the team for our Company and our Subsidiaries. In addition, when needed, the external consultant/ chartered accountant also carry out certain additional procedures.
Employee dependency	Competition in our industry for skilled management and efficient employees is high. Our business and the implementation of our strategy are dependent upon our management team, who oversee our day-to-day operations, strategy and growth of our business and also on our Relationship Managers, who are integral for our Company to manage existing client relationships as well as establish new client relationships.	We have a unique hiring strategy and work culture that has led to lower regret RM attrition. We have always encouraged a 'true' entrepreneurial culture with an uncapped growth potential through no-cap incentives; transparent and flexible approach that allows them to prepare their own business plans amongst others. There is a prominent focus through investments towards training and skill upgradation.
Technology	Increased adoption of advanced technologies such as chatbots, IoT, AI, and big data analytics, have led toward the wealth management market growth. In addition, with increase in digitalisation, wealth management providers are looking forward to quickly invest on client engagement by providing digital and voice-enabled assistants.	The Company is increasingly investing in new technologies such as robo-advisor, artificial intelligence (AI), robotic process automation, and digital identification (ID) technologies for improving customer experience.
Regulatory landscape	Regulators are moving their focus towards other parts of the financial system including private wealth managers. There is an increased regulatory focus on transparency of pricing, fees and independence of PWMs. Changes to commission and incentive structures and obligations could change intermediaries' product selection processes. Regulation of distribution through digital channels and robo-advice could also change.	We charge our commission from the scheme and not from the AMC/Associate/Sponsor/Trustee, or any other route. Further, as per recent trail model, we have adopted the full trail model of commission in all schemes.
Privacy	Security and privacy are HNIs' key concerns. However, they are becoming increasingly comfortable with the use of technology and now expect online and digital functionality in many aspects of their lives.	Our training programmes are focused on overcoming trust barriers, invest in technology and focus on transparency and compliance. With increasing mobile phone penetration, we are using technology to build transparency in an efficient manner which in turn helps to develop informed customers.

Learning and development

We regularly train our Relationship Managers and Account Managers (approximately three hours a week of training for every Relationship Manager and Account Manager), thereby ensuring that a consistent service is provided to all our clients. We provide intensive training and guidance, to develop the skills of AMs which helps in their smooth transition to the role of an RM. Over the last three years 77 AMs have successfully progressed into the role of RM. As of March 31, 2022 our total employee strength had increased to 827 as compared to 716 as of March 31, 2021.

CAUTIONARY STATEMENTS:

Information in the Management Discussion and Analysis that describe the Company's aims, plans, or projections may be considered forward-looking under applicable securities laws and regulations. Actual outcomes may differ significantly from those stated in the statement. Fierce competition leading to price cuts, high volatility in prices of major inputs such as steel, cement, building materials, and petroleum products, changes in government regulations, tax laws, economic developments within the country, and other factors such as litigation and labour relations are all principal factors that could affect the Company's operations.

10. INDUSTRY OVERVIEW

Wealth Management in India:

Given India's economic prospects, good demographics, growing income levels, higher number of taxpayers every year, increasing number of US\$ Millionaires and the current levels of low penetration, the Indian

Wealth Management industry is on a steady upward trajectory. While India's affluent population is modest in comparison to established markets, the country's wealth is expected to expand rapidly in the future. The crucial factors for a high-growth wealth management business in India include a huge and youthful mass affluent section which is emerging partially due to the technology intervention; an increase in global Indians' wealth; and the Indian government's attempt to regulate unlawful channels of money and tighten capital market laws.

Historically, households in India have been quite risk averse and wary of investing their savings into volatile or uncertain return-based assets. A pursuit of safe bets has always driven India towards making investments in physical assets like gold. However, this pattern is slowly changing over time, especially post announcement of demonetisation in November 2016. Also, the country has seen a major shift in attitude from capital preservation to wealth creation since 2016-17.

Wealth Management today, has evolved to an end to end Money Management Solutions for every investor ranging from an Individual Investor/family, Corporate Investor, HUF (Hindu Undivided Family) to a Trust. Private Wealth Management involves providing prudent investment solutions, Corporate and Treasury Advisory, Off Shore Advisory and Family Office.

With a likely growth rate of India's GDP projected at 9.2% in 2022, the country will remain a key growth driver of global economy. Against this backdrop, individual wealth in India is expected to grow at a CAGR of 11.76% till 2024-25 and is likely to nearly double to ₹ 811,293 Billion by 2024-25. In the next five years, financial assets will witness much faster growth rate as compared to physical assets. As far as individual contribution is concerned, financial assets are expected to form almost 63% of the total individual assets by 2024-25 vs 57% in 2019-20, physical assets are expected to be restricted to 37% of the total wealth vs 43% in 2019-20. The reduction in bank deposit rates in the past year has further led to a shift in investment to mutual funds and the stock markets.

(Source-Karvy India Wealth Report 2020.)

The implementation of various reforms such as GST, RERA, new insolvency and bankruptcy code and recapitalisation of banks and Corporate Tax cuts among others are likely to shift informal sectors into the formal economy and hence, boost GDP growth and individual wealth in the medium to long term.

Board's Report (Contd.)

According to a report titled 'Global Wealth 2021: When Clients Take the Lead', published in June 2021 by the Boston Consulting Group (BCG), financial wealth grew among Indians at 11% p.a. from 2015 to 2020 and is further expected to increase at 10% p.a. to US\$ 5.5 Trillion by 2025.

Wealth management firms will have to adopt technological advancements and provide individualised, comprehensive advice aligned with the changing investment trends and needs. Constant innovation and new ways to deliver services will continue to disrupt the industry.

To conclude, it can be said that since India has the lowest mutual fund penetration globally, the mutual fund industry in the country provides huge scope for growth and development. The total AUM to GDP ratio of India stands at a mere 16%, way below the global average of 63%. Countries like the US have AUM to GDP ratios of over 100%. Real estate and gold have become less attractive forms of investments post demonetisation. Even the reduction in bank deposit rates in the past year has led to a shift in investment to mutual funds and the stock markets. Financial Assets are expected to reach ₹ 512 Trillion by 2024-25 at a CAGR of 14.27% and Physical Assets would grow at 7.56% CAGR to reach ₹ 270 Trillion by 2023-24. India is expected to be the fourth largest private wealth market globally by 2028.

Indian Mutual Fund Industry:

Last two years the mutual fund industry faced hardship due to the pandemic as the income of the people suffered during the period. But slowly after the second wave the industry started gaining momentum as lot of investors who held their SIPs during the period started investing back and there was liquidity in the market. For the month of February 2022, the Indian mutual fund industry's Average Assets Under Management were ₹ 3,856,140 Crore. There are some key trends which are increasing the demand of mutual fund industry. In India the mutual fund industry's assets grew as a result of strong stock market performance and net inflows into equity schemes. As individual investors started investing in mutual funds, the Individual investors' holdings in mutual funds grew in value from ₹ 17.18 Lakh Crore in February 2021 to ₹ 21.02 Lakh Crore in February 2022.

The industry's Average Assets Under Management were at ₹ 36.17 Trillion for the quarter ending December 31, 2021. Source: [https://www.mordor](https://www.mordorintelligence.com/industry-reports/india-mutual-fund-industry)

11. BUSINESS OVERVIEW

Private Wealth Business – Anand Rathi Wealth Limited:

We are one of the leading non-bank wealth solutions firms in India. From an AMFI registered mutual fund distributor we have transformed ourselves to become a well know wealth solutions provider in India. We offer well researched solutions by facilitating investments in financial instruments through an objective-driven process. We provide services primarily through our flagship Private Wealth ("PW") vertical where we manage ₹ 32,054 Crore in AuM as on March 31, 2022.

We have achieved a dominant position in wealth and distribution services space, with a focus on the growing HNI segment through an uncomplicated, holistic and standardised offering, delivered through an entrepreneurial team of private wealth professionals, known as Relationship Managers ("RMs").

We are AMFI registered mutual fund distributor and have evolved into providing, well researched solutions to our Clients by facilitating investments in financial instruments through an objective driven process. As of March 31, 2022, our PW vertical caters to 7,082 active client families, serviced by a team of 271 RMs. As on March 31, 2022, 57.13% of our Clients have been associated with us for over 3 years, representing 75.40% of our total PW AuM, which shows our strength in vintage of both clients and their AuM in our business. We are currently present across 11 cities in India, namely, Mumbai, Bengaluru, Delhi, Gurugram, Hyderabad, Kolkata, Chennai, Pune, Chandigarh, Jodhpur and Noida and we have a representative office in Dubai.

The HNI segment of clients (i.e., individuals with net worth between ₹ 5 - 50 Crore), is an attractive and underserved segment in terms of quality of service and creating a platform to serve this segment is often time consuming and difficult to build. In our experience, Clients belonging to the HNI segment are less price sensitive and appreciate the quality of personalised services we offer. Our client families have consistently grown with new family additions of 973 in 2021-22.

Our process driven approach, aims to achieve consistent Client outcomes through a standardised investment strategy, augmenting our RM capability. With regards to mutual fund distribution, we have

Board's Report (Contd.)

devised in-house methodologies that consider a defined set of parameters for mutual fund selection. Non-Convertible Market Linked Debentures (MLDs) form an integral part of our model portfolios enabling predictable returns, with lower risk as compared to equity investment over a medium to long term period. Our product mix of mutual funds and MLDs, further positions us well to capture our target clientele.

As part of our holistic approach to clients, we also facilitate estate planning, succession planning and create wills as part of our core objectives, without charging any cost to our Clients. We also have in-house team of experts that help clients with estate planning and succession planning by creating wills and trusts, besides helping clients with strategic tax advisory related to their investment portfolios. In 2021-22, we have helped clients write about 632 Wills and helped set up over 138 Private Family Trusts for them. This holistic approach to their wealth is highly appreciated by the clients. The events and vulnerabilities of the last Financial Year have increased our conviction on the importance of having a well-designed estate plan.

Given the very strong strategic positioning and significant increase in high net worth individuals/families in the country, Our Company is well poised to register continuous growth in the years to come.

AUM of PW vertical have increased from ₹ 26,058 Crores as on March 2021 to ₹ 32,054 Crores as on March 2022, an increase of 23%. Our net active client families have increased from 6,109 as of March 31, 2021 to 7,082 as of March 31, 2022 – registering a growth of 16% and no. of RMs increased from 233 as of March 31, 2021 to 271 as of March 31, 2022.

Objectives

Our objectives are as follows:

1. Wealth Creation for our clients by targeting a return ranging between 12%-14% p.a. that beats HNWI Inflation of ~8%
2. Wealth Preservation: Creating a liability free asset to safeguard against external liabilities and; minimise possible estate duties and surcharge on Income Tax
3. Wealth Transmission: Establishing an estate plan to ensure near zero transmission loss

Strategy:

1. Asset Allocation: Asset Allocation Decision is the most critical. It has a 93% Impact on returns

2. Product Selection: Out of 17 instruments available in the market place, based on Returns, Risk and Cost, currently only 3 are chosen from clients' perspective (Equity Mutual Funds, Debt Mutual Funds and Market Linked Debentures)
3. Selection of Equity Mutual Funds: 11 Equity Mutual funds are selected from a universe of 491 in order to give an alpha of 3% p.a. over and above NIFTY 50
4. Importance of Market Linked Debentures in the Portfolio
5. Formulating a Trust and Creation of Will to meet clients' requirements in order to provide value addition by these ancillary services
6. Creation of a policy of entrepreneurial culture for recruitment and retention of relationship managers

Future Outlook

The wealth management industry is doing a monumental shift due to changing demographics, the influx of new generation potential investors, transitional global scenarios, and most importantly the rampant digitalisation. This pace of change has been long predicted but the pandemic had accelerated its adoption, providing continuous opportunities as well as posing new challenges for the wealth managers to sustain, grow, and strive in the market.

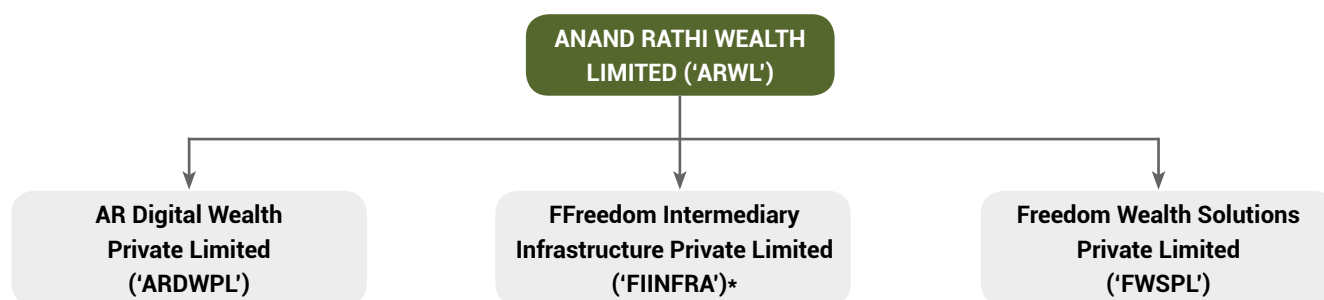

The roadmap to provide strong long term growth visibility by the Company can be placed as follows:

- Client stickiness due to almost zero attrition, since the portfolios are generating 12-13% returns. This will lead to a 10% growth in business
- Scope of penetration in the existing 7,000+ clients families. This has potential to contribute towards another 10% growth
- Capacity increase of the existing relationship managers in terms of increase in number of clients has potential to contribute 5-10% growth
- Addition of new relationship managers can conservatively add to another 5% growth

12. SUBSIDIARY COMPANIES

The Company has three subsidiaries within the meaning of Section 2 (87) of the Companies Act, 2013. The Company does not have any associate or joint venture companies within the meaning of section 2 (6) of the Companies Act, 2013.

Board's Report (Contd.)

**Wholly owned subsidiary*

Pursuant to Regulation 16 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") AR Digital Wealth Private Limited was a Material Subsidiary of the Company for 2021-22.

Pursuant to Section 129(3) of the Companies Act, 2013 ("the Act") read with Rule 5 of the Companies (Accounts) Rules, 2014, a statement in Form **AOC-1** containing salient features of the financial statements of Subsidiaries is annexed as **Annexure-1** which forms an integral part of this Report.

a) AR Digital Wealth Private Limited - Digital Wealth (DW) Vertical

AR Digital wealth ("DW vertical") is a fin-tech extension of our proposition, born from the extensive learnings from experience in the Private Wealth solutions. The idea was to address the large mass affluent segment of the market with a wealth solution delivered through a 'phygital channel' i.e. a combination of human distributor empowered with technology. It seeks to build a scalable and profitable model by using this blend of technology capabilities and human interface.

The Business has seen encouraging results in its attempt to build a Partner led distribution model through whom this packaged Investment solution is delivered. These Partners are AMFI registered Mutual Fund Distributors and IFAs who are seeking to grow their business by taking the Anand Rathi brand, Product research, Selection and Investment Insights to their clients through an innovative easy-to-use Technology interface.

As of March 31, 2022, the AuM for our DW vertical was ₹ 852.14 Crore with 3,907 clients and 316

client engagement partners. The offering has a dedicated client mobile application and that is the primary mode of engagement between the partner and the client. This enables a single Partner to service a larger number of clients even though the client segment has a lower average AuM size. This results in positive unit economics of the business. We believe this model is highly scalable with a disruptive channel strategy since is not dependent on its geographical presence and can reach cities where physical scalability may not be cost effective.

The operating revenue of ARDWPL for 2021-22 stood at ₹ 9.38 Crore as compared to previous year operating revenue of ₹ 5.16 Crore.

b) FFredom Intermediary Infrastructure Private Limited - Omni Financial Advisors ("OFA") Vertical

Our OFA vertical is another strategic extension for capturing the wealth management landscape. With OFA we provide a technology platform for Independent Financial Advisors ("IFAs") to service their clients and grow their business. It is one of India's leading tech platforms for IFAs in terms of number of subscribers as of March 2022.

As of March 31, 2022 it has 5,343 IFAs, around 17.14 Lakh Platform Clients and ₹ 79,800+ Crore of platform AUM. Platform Clients are the clients that are serviced by the IFAs and platform AUM is AUM managed by IFAs for their clients.

OFA helps IFAs in mobile based client reporting, online transactions and financial planning for their clients. Coupled with analytics, data management and business management systems and a dedicated team of support and technology specialists, it endeavours to be one stop solution for an IFA.

Board's Report (Contd.)

Highest standards of data security, completeness, quality and authentication are ensured to service the clientele. The core strength is to digitally enable IFAs for better client serving. Anand Rathi Wealth Limited experience of over 13 years in the wealth industry, combined with technology platform has helped us to scale up the business.

The operating revenue of FIINFRA for 2021-22 stood at ₹ 4.76 Crore as compared to previous year operating revenue of ₹ 4.96 Crore.

c) Freedom Wealth Solutions Private Limited:

SEBI had amended the SEBI (Investment Advisers) Regulations, 2013 via circular dated September 23, 2020, which inter alia provides that a non-individual investment adviser shall have client level segregation at group level for investment advisory and distribution services and the same client cannot be offered both advisory and distribution services within the group of the non-individual entity. Accordingly the Company has discontinued its operations under the SEBI (Investment Advisers) Regulations, 2013 though we continue to hold Investment Advisory license.

The operating revenue of FWSP for 2021-22 stood at NIL as compared to previous year operating revenue of ₹ 1.49 Crore.

Certificate on Compliance with the Corporate Governance Requirements under the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015

To

The Members of
Anand Rathi Wealth Limited

We have examined all the relevant records of Anand Rathi Wealth Limited (formerly known as “Anand Rathi Wealth Services Limited” and hereinafter called as “the Company”) for the purpose of certifying compliance of the disclosure requirements and corporate governance norms as specified for the Listed Companies as prescribed in Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of Regulation 46 and Schedule V of Chapter IV of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (‘LODR’), for the financial year ended March 31, 2022. We have obtained all the information and explanations to the best of our knowledge and belief, which were necessary for the purpose of this certification.

We state that the compliance of conditions of Corporate Governance is the responsibility of the management, and our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of the Corporate

Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion, and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as specified for listed company.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Secretarial Audit Report

For the Financial Year ended March 31, 2022

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Anand Rathi Wealth Limited
Express Zone, A Wing,
10th Floor, Western Express Highway,
Goregaon (E), Mumbai – 400063

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Anand Rathi Wealth Limited (formerly known as “Anand Rathi Wealth Services Limited” and hereinafter called as “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended March 31, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company as given in Annexure-A for the financial year ended March 31, 2022, according to the provisions of:
 - (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
 - (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
 - (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
 - (iv) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investments;
 - (v) The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992('SEBI Act'): –
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (d) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021
- (e) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

2. We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with other Acts, Laws and Regulations applicable specifically to the Company as per the list given in Annexure-B.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards-1 and 2 issued by The Institute of Company Secretaries of India under the provisions of Companies Act, 2013; and
- (ii) the Listing Agreements entered into by the Company with BSE Limited and the National Stock Exchange of India Limited

During the financial year under report, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. There was no change in the composition of the Board of Directors during the year under review, except change in designation of a director for which due compliance was made.

Adequate notice is given to all directors to schedule the meetings of the Board and Committees of the Board. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Annexure - 6 (Contd.)

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Further, we wish to clarify as under:

- Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
- We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices that we followed provide a reasonable basis for our opinion.
- We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.

- Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events etc.
- The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test check basis.
- The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To
The Members of
Anand Rathi Wealth Limited {previously known as Anand Rathi Wealth Services Limited}

Report on the audit of the Standalone Financial Statements

OPINION

1. We have audited the accompanying standalone Ind AS financial statements of Anand Rathi Wealth Limited {previously known as Anand Rathi Wealth Services Limited} ("the Company"), which comprise the standalone balance sheet as at 31 March 2022, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information ("the Standalone Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. We have determined that there are no key audit matters to communicate in our report.

OTHER INFORMATION

5. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report
6. Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards ("Ind AS") specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of

Independent Auditor's Report (Contd.)

- adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the Standalone Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. The Board of Directors are also responsible for overseeing the Company's financial reporting process.
- Auditor's responsibilities for the audit of the Standalone Financial Statements**
11. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- 12.1. Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 12.2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- 12.3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- 12.4. Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 12.5. Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and

Independent Auditor's Report (Contd.)

to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. As required by Section 143(3) of the Act, we report that:
 - 17.1. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - 17.2. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - 17.3. The standalone balance sheet, the standalone statement of profit and loss including other comprehensive income, the statement of changes in equity and the standalone cash flow statement dealt with by this Report are in agreement with the books of account.
 - 17.4. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - 17.5. On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board

of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.

- 17.6. With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- 17.7. In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.
18. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - 18.1. The Company does not have any pending litigations which would impact its financial position.
 - 18.2. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - 18.3. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - 18.4. The management has represented that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the

Independent Auditor's Report (Contd.)

- like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.
- 18.5. The management has represented that no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures

adopted by us, nothing has come to our notice that such representation contains any material misstatement.

- 18.6. In our opinion and according to the information and explanations given to us, the dividend declared and/or paid during the year the Company is in compliance with Section 123 of the Act.

Management’s responsibility for Internal Financial Controls

3. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s responsibility

4. Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing (“SA”), prescribed under section 143(10) of the Act, to

the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.
6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to the Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

7. A company’s internal financial controls with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to the Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone

Annexure B (Contd.)

Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

8. Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with

reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The equity shares were allotted on December 9, 2021 and listed on National Stock Exchange of India Limited and BSE Limited on December 14, 2021.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of Compliance

These Ind AS Standalone Financial Statements for the year ended March 31, 2022 have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ("the Act"), amendments thereto and other relevant provisions of the Act.

The Ind AS Standalone Financial Statements were approved for issue by the Board of Directors of the Company at their meeting held on April 12, 2022.

(b) Basis of preparation of Ind AS Standalone Financial Statements

These Ind AS Standalone Financial Statements have been prepared on historical cost basis, except for certain financial instruments, which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an

orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Ind AS standalone financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 and leasing transactions that are within the scope of Ind AS 116.

The accounting policies adopted in the preparation of the Ind AS Financial Statements are consistent with those followed in the previous year by the Company.

Fair Value Measurement

In addition, for financial reporting purpose, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the assets or liability.

Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Act, as amended. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule

Notes to Ind AS Standalone Financial Statements
For the year ended March 31, 2022 (Contd.)

III to the Act as amended, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards. Amounts in the financial statements are presented in Indian Rupees in Lakh [1 Lakh = 1,00,000] rounded off to two decimal places as permitted by Schedule III to the Act as amended. Per share data are presented in Indian Rupees to two decimal places.

Functional and presentation of currency

The financial statements are presented in Indian Rupees, which is the Company's functional and presentation currency and all amounts are rounded to the nearest rupees in thousand; except when otherwise stated.

Foreign Currency Translation

The financial statements are presented in Indian currency (₹), which is the Company's presentation currency. It is necessary for the results and financial position of each individual entity included in the reporting entity to be translated into the currency in which the reporting entity presents its financial statements. As the reporting entity presents its financial statement in ₹, the Company's financial statements are translated into ₹.

Foreign currency transactions are translated into presentation currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in other comprehensive income.

Non-monetary items that are measured at fair value in the foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVTOCI are recognised in other comprehensive income.

The financial statements are translated from functional currency to presentation currency by using the following procedures:

- (a) assets and liabilities for each balance sheet presented (i.e. including comparatives) shall be translated at the closing rate at the date of that balance sheet;
- (b) income and expenses for each statement of profit and loss presented (ie including comparatives) shall be translated at average exchange rates during the year; and
- (c) all resulting exchange differences shall be recognised in other comprehensive income.

(c) Critical Accounting Judgments and key Sources of Estimation Uncertainty

The preparation of the Company's Ind AS Standalone Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

- (i) Amortisation of Customer relationship cost: During 2016-17 Company has acquired Private Wealth Management business from Religare Wealth Management Limited, for which the Company has made payment which have been capitalised as Customer Relationship Cost. Company has amortised the payment over the period of 3 years.
- (ii) Depreciation/Amortisation and useful lives of property, plant and equipment: Company depreciate its tangible assets over the useful life of an Asset as prescribed under Part C of Schedule II of the Act. Company remeasure remaining useful life of an asset at the end of each reporting date.
- (iii) Fair value measurement: Fair Value is a price of orderly transaction between market participants at the measurement

Notes to Ind AS Standalone Financial Statements For the year ended March 31, 2022 (Contd.)

date under current market conditions. Company determines Fair Value of Quoted Investment from available market price. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

- (iv) Provisions: Provisions are recognised when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation. Management estimates it by using its best judgement of future cash outflow.
- (v) Taxes: The Company periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. For matters where it is probable that an adjustment will be made, the Company records its best estimates of the tax liability in the current tax provision. The Management believes that it has adequately provided for the probable outcome of these matters.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

- (vi) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount

rate is determined by reference to market yields at the end of the reporting period on government securities.

- (vii) Leases: The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

(d) Current and Non-Current Classification

An asset shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Notes to Ind AS Standalone Financial Statements
For the year ended March 31, 2022 (Contd.)

All other assets shall be classified as non-current.

A liability shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be settled in the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

(e) Property, Plant and Equipment and Intangible Assets and Depreciation and Amortisation

Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Direct costs in relation to the fixed assets are capitalised until such assets are ready for use.

- (i) **Tangible Assets:** Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased during a period is proportionately charged. The Management estimates the useful lives and residual values of the fixed assets as prescribed under Part C of Schedule II of the Act as follows.

Fixed Assets	Useful Life
Office Equipments	5 years
Computer Equipments	
a. Server	6 years
b. Other Computer Equipments	3 years
Motor Car	8 years
Furniture and Fixtures	10 years
Building	60 years

- (ii) Improvements on leased premises are depreciated over the lease period or useful life of the fixtures, whichever is lower.

- (iii) **Intangible Assets:** Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortisation and impairment, if any. Amortisation is recognised in profit and loss on a straight line basis over the estimated useful lives of respective intangible assets, but not exceeding the useful lives given hereunder:

Customer Relationship and Software cost is amortised over the period of 3 years.

- (iv) Capital work-in-progress comprises cost of property, plant and equipment that are not yet ready for their intended use as at the year end

(f) Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Initial Recognition :

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

(i) Classification and Measurement of Financial Assets

Financial assets are classified as 'Amortised Cost', 'Fair Value through Profit and Loss' (FVTPL) and 'Fair Value through

Notes to Ind AS Standalone Financial Statements For the year ended March 31, 2022 (Contd.)

Other Comprehensive Income' (FVTOCI) in the following categories:

Debt Instruments at amortised cost: Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is to hold asset to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTOCI: Debt instruments that meet the following conditions are subsequently measured at FVTOCI (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTPL: Any debt instrument which is either initially designated at FVTPL or which does not meet the criteria for Amortised cost or FVTOCI is measured at FVTPL.

Effective Interest Rate Method: Interest income from security deposits and debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Equity Instruments at FVTOCI: On initial recognition, the Company can make an irrevocable election (on an instrument by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the instrument is held for trading. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investment.

Financial Assets at FVTPL: Investments in equity instruments are classified at FVTPL, unless they were irrevocably elected on initial recognition as FVOCI. Financial Assets at FVTPL are measured at Fair Value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(ii) *Impairment of financial assets*

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost, FVOCI debt instruments, and other financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 40 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iii) *Derecognition of financial assets*

A financial asset is derecognised only when :

- The Company has transferred the rights to receive cash flows from the financial asset or

Notes to Ind AS Standalone Financial Statements
For the year ended March 31, 2022 (Contd.)

- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(iv) Financial Liabilities:

Financial liabilities which are held for trading or are designated at FVTPL are measured at fair value with changes being recognised in the statement of Profit and Loss.

Financial liabilities that are not held for trading and are not designated as at FVTPL, are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

(v) Derecognition of financial liabilities

Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. A substantial modification in the terms of an existing financial liability is accounted as a discharge of original financial liability and recognition of new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised as profit or loss.

(vi) Offsetting financial assets and liabilities

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right and ability to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

(g) Derivatives financial instruments

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss.

(h) Impairment of Assets

Property, plant or equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent to those from other assets.

The Carrying Amount of Assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss, if any, is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired. Reversal of impairment losses recognised in prior years is recorded when there is an indication that the impairment losses recognised for the assets no longer exists or have decreased

(i) Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.
- (ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and

Notes to Ind AS Standalone Financial Statements For the year ended March 31, 2022 (Contd.)

short-term deposit, as defined above, net of outstanding bank overdraft as they are considered as an integral part of Company's cash management.

(j) **Borrowing Cost and Finance Charges**

Borrowing cost attributable to acquisition and construction of qualifying assets are capitalised as a part of the cost of such assets up to the date when such assets are ready for its intended use. Other borrowing cost are charged to the statement of profit and loss in the year in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowings.

(k) **Leases**

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments

made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(l) **Employee Benefits**

Defined Contribution plan – Retirement benefit in the form of Provident Fund is a defined contribution scheme. The Company is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund as a part of retirement benefits to its employees. The contributions during the year are charged to statement of profit and loss. The Company recognises contribution payable to the Provident Fund scheme as an expenditure when an employee renders related service.

Defined Benefit Plan – Gratuity, which is in the nature of Defined Benefit Schemes, are payable only to employees and accounted for on accrual basis. The Cost of providing benefits is determined

Notes to Ind AS Standalone Financial Statements
For the year ended March 31, 2022 (Contd.)

using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses are recognised in other comprehensive income in the period in which they occur and are not reclassified to the Statement of Profit and Loss.

The Company has funded its Gratuity liability under group scheme with an Insurer. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of the scheme assets. Any asset resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the scheme.

Short Term Employee Benefits - The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include incentive and Annual Leave which are expected to occur within twelve months after the end of the year in which the employee renders the related service.

(m) Revenue Recognition

Revenue is recognised to the extent that is probable that the economic benefits will flow to the Company and the amount based on performance obligation can be reliably measured. Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts.

The Company assesses the nature, timing and extent of revenue based on performance obligations in its contracts/understanding/trade customs with customers and clients.

Income from Distribution and sale of Financial product includes Distribution income on Mutual Fund, Portfolio Management Service (PMS), Referral fees, Consultancy income, Gain/Loss on sale of Investment (Structured Product), Commission income and Marketing Support charges.

1. Income related with Distribution income on Mutual Fund, PMS, Advisory activities, Referral fees, Consultancy, commission

Income and Marketing Support charges is accounted on accrual basis.

2. Dividend income is accounted for when the right to receive the Dividend income is established.
3. Difference between the sale price and the carrying value of investment is recognised as profit or loss on sale/redemption on investment on trade date of transaction. Carrying value of investments is determined based on first in first out value of investments sold.
4. Interest income is recognised on a time basis using the effective interest method.

(n) Taxes on Income

Current Tax: Provision for Income Tax is determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred Tax: Deferred tax is provided, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Statement of Profit and Loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable.

(o) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a

Notes to Ind AS Standalone Financial Statements For the year ended March 31, 2022 (Contd.)

result of past event; and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date, taking into account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are possible but not probable obligations as on the Balance Sheet date, based on the available evidence. Contingent Liabilities are not recognised in the Ind AS Standalone Financial Statements.

Contingent Assets are neither recognised nor disclosed.

(p) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

The Weighted average number of equity shares outstanding during the year is adjusted for events such as issue of shares, bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), without a corresponding change in resources.

Diluted earnings per share are computed using the weighted average number of equity shares

and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(q) Cash Flow Statement

Cash flows statement is prepared using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(r) Share Based payment Arrangements

Equity settled share based payments to employees and others are measured at the fair value of equity instruments at the grant date. The fair value determined at the grant date of the equity settled share based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instrument that will eventually vest, with a corresponding increase in equity.

(s) Rounding of amounts

All amounts disclosed in the Ind AS Standalone Financial Statements and notes have been rounded off to the nearest thousand as per the requirement of Schedule III, unless otherwise stated.

The Company is recognising and accruing the retirement benefits as per Indian Accounting Standard (Ind AS) 19 on "Employee Benefits". The details are as enunciated below as certified by an Independent Actuary.

A. Defined Benefit Plans

Gratuity:

The gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Group and is in accordance with the Rules of the Company for payment of gratuity.

Inherent Risk

The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, this exposes the Company to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employee in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

There are no amounts included in the fair value of plan assets for:

- i) Company's own financial instrument
- ii) Property occupied by or other assets used by the Company

Discount Rate:

Discount Rate for this valuation is based on Yield to Maturity (YTM) available on Government bonds having similar term to decrement-adjusted estimated term of liabilities.

For valuation as at March 31, 2022 the estimated term of liabilities is 13.81 years, corresponding to which YTM on government bonds is 7.25%, after rounding to nearest 0.05%.

Expected rate of return on assets:

It is the average long term rate of return expected on investments of the Trust Fund.

Salary Escalation Rate:

Salary escalation assumption is based on estimates of over all long-term salary growth rates after taking in to consideration expected earnings inflation as well as performance and seniority related increases.

Withdrawal Rate:

Assumptions regarding withdrawal rates is based on the estimates of expected long term employee turnover within the organisation.

Mortality Rate

It is based on Indian Assured Lives Mortality (2012-14) Ult. as issued by Institute of Actuaries of India for the actuarial valuation.

General Description fair value of the plan:

The Company has insurer Managed Fund.

Asset Liability Matching Strategy

The money contributed by the Company to the Gratuity fund to finance the liabilities of the plan has to be invested.

The trustees of the plan have outsourced the investment management of the fund to an Insurance Company. The Insurance Company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it is not possible to explicitly follow an asset liability matching strategy

There is no compulsion on the part of the Company to fully prefund the liability of the Plan. The Company's philosophy is to fund these benefits based on its own liquidity and the level of underfunding of the plan.

28 LEASES - Ind AS 116

The incremental borrowing rate applied to lease liabilities as at April 1, 2020 is 9.30% and as at April 1, 2021 is 8.45%.

The following is the summary of practical expedients elected on initial application:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- Applied the exemption not to recognise right to use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- Excluded the initial direct costs from the measurement of the right to use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

Following is the information pertaining to leases :

Valuation techniques used to determine the fair values:

- Listed equity instruments and mutual funds which are fair valued using quoted prices and closing NAV in the market.
- Discounted cash flow method has been used to determine the fair value of unquoted equity shares of other companies. The discount rate is used based on management estimates.
- The Company has made necessary adjustments to the observable and unobservable inputs used for the purpose of valuation
- The fair value of the quoted instruments are based on market price at the reporting date. The valuation of unquoted index options is done through Black and Scholes model. In case of unquoted instruments, unquoted debentures and PMS valuation is done on basis of discounted cash flow method.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, security deposits and investment securities.

Customer credit risk is managed by Company as per its policy, procedures and control relating to customer credit risk. Credit quality of a customer credit risk is assessed based on an extensive credit rating scoreboard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and all possible steps taken to timely realise them.

The credit risk on Fixed Deposits with Banks, Bank Balances, Investments in Mutual Fund and Derivative Financial Instruments is limited because the counterparties are Banks, Exchanges and Mutual Fund houses who are structured market players.

Independent Auditor's Report

To
The Members of
Anand Rathi Wealth Limited (previously known as Anand Rathi Wealth Services Limited)

Report on the audit of the Consolidated Financial Statements

OPINION

1. We have audited the accompanying consolidated Ind AS financial statements of Anand Rathi Wealth Limited (previously known as Anand Rathi Wealth Services Limited) ("the Holding Company" or "the Parent" or "the Company") and its subsidiaries (the parent and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2022 and the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information ("the Consolidated Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, as were audited by the other auditors, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31 March 2022, and its consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the

provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in the "Other Matters" paragraph below is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. We have determined that there are no key audit matters to communicate in our report.

OTHER INFORMATION

5. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the Consolidated Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.
6. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done / audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

8. The Holding Company's Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements, that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India,

Independent Auditor's Report (Contd.)

including the Indian Accounting Standards ("Ind AS") specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

9. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
10. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

11. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to the Consolidated Financial Statements and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f. Obtain sufficient appropriate audit evidence regarding the financial information of the

Independent Auditor's Report (Contd.)

entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

13. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

16. We did not audit the financial statements of three subsidiaries whose financial statements reflect total assets of Rs. 7235.72 lakhs as at 31 March 2022, total revenues of Rs. 1704.40 lakhs and net cash flows amounting to Rs. 236.53 lakhs for the year ended on that date, as considered in the Consolidated Financial Statements. These financial statements have been audited by other auditors whose reports have been

furnished to us by the management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

17. Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

18. As required by section 143(3) of the Act, based on our audit and on the consideration of audit reports of the other auditors on separate financial statements of such subsidiaries, as were audited by other auditors as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Holding Company as on 31 March 2022, taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its

Independent Auditor's Report (Contd.)

subsidiary companies, incorporated in India, none of the directors of the Group companies, incorporated in India are disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of internal financial controls with reference to the Consolidated Financial Statements of the Holding Company, its subsidiary companies, incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
 - g. In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies, incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company, its subsidiary companies, incorporated in India to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company, its subsidiary companies, incorporated in India is not in excess of the limit laid down under Section 197 of the Act.
19. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of audit reports of the other auditors on separate financial statements of such subsidiaries, as noted in the 'Other Matters' paragraph:
- a. The Consolidated Financial Statements disclose the impact of pending litigations as at 31 March 2022 on the consolidated financial position of the Group, – Refer Note 39 to the consolidated financial statements.
 - b. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - c. There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Holding Company and/or its subsidiary companies,] incorporated in India during the year ended 31 March 2022.
 - d. The management has represented that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.
 - e. The management has represented that no funds have been received by the Holding Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.
 - f. In our opinion and according to the information and explanations given to us, the dividend declared and / or paid during the year the Group is in compliance with Section 123 of the Act.

Annexure "A" to the Independent Auditors' report on the Consolidated Financial Statements of Anand Rathi Wealth Limited {previously known as Anand Rathi Wealth Services Limited} for the year ended 31 March 2022

(Referred to in paragraph "18.6" under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the aforesaid Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

OPINION

1. In conjunction with our audit of the Consolidated Financial Statements of Anand Rathi Wealth Limited {previously known as Anand Rathi Wealth Services Limited} as of and for the year ended 31 March 2022, we have audited the internal financial controls with reference to the Consolidated Financial Statements of Anand Rathi Wealth Limited {previously known as Anand Rathi Wealth Services Limited} ("the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.
2. In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to the Consolidated Financial Statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note").

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

3. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention

and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

4. Our responsibility is to express an opinion on the Holding Company and its subsidiaries, which are companies incorporated in India, internal financial controls with reference to the Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ("SA"), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Consolidated Financial Statements. Those SAs and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.
5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.
6. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the Consolidated Financial Statements.

Annexure "A" (Contd.)

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

7. A company's internal financial controls with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

8. Because of the inherent limitations of internal financial controls with reference to the Consolidated Financial Statements, including the possibility of collusion or improper management override of

controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OTHER MATTERS

9. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls system with reference to the Consolidated Financial Statements in so far as it relates to three subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, incorporated in India.

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2022 (Contd.)

1. CORPORATE INFORMATION

Anand Rathi Wealth Limited (the "Holding Company" or "the Company") (Previously known as Anand Rathi Wealth Services Limited) having CIN U67120MH1995PLC086696 was incorporated on March 22, 1995. On March 8, 2017, the Holding Company was converted from Private Company to Public Company. With effect from January 7, 2021 the name of the holding company was changed from Anand Rathi Wealth Services Limited to Anand Rathi Wealth Limited. Its registered office is at Express Zone, A Wing, 10th Floor, Western Express Highway, Goregaon (E), Mumbai - 400 063, Maharashtra.

The Holding Company and its subsidiaries are engaged in the business of providing Services for Distribution and Sale of Financial Products. The Holding Company and its subsidiaries are together referred to as the "Group" and the Holding Company is referred to as Anand Rathi Wealth Limited.

During the quarter ended December 31, 2021, the Holding Company concluded an Initial Public Offering 'IPO' through offer for sale of 1,20,00,000 equity Shares by the existing shareholders at an offer price of ₹ 550 per share (employee discount of ₹ 25 per share for 2,50,000 shares reserved under employee category). The equity shares were allotted on December 9, 2021 and listed on National Stock Exchange of India Limited and BSE Limited on December 14, 2021.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of Compliance

These Ind AS Consolidated Financial Statements (hereinafter referred to as "financial statements") are prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 ("the Act"), amendments thereto and other relevant provisions of the Act.

The Ind AS consolidated financial statements were approved for issue by the Board of Directors of the Company at their meeting held on April 12, 2022.

(b) Basis of preparation of Ind AS Consolidated Financial Statements

These Ind AS Consolidated Financial Statements have been prepared on historical cost basis, except for certain financial instruments, which

are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The group has considered the amendments to Schedule III of the Act as amended notified by Ministry of Corporate Affairs ("MCA") via notification dated March 24, 2021 in the Ind AS Financial Statement disclosures, wherever applicable.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Ind AS financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 and leasing transactions that are within the scope of Ind AS 116.

The accounting policies adopted in the preparation of the Ind AS Consolidated Financial Statements are consistent with those followed in the previous year by the group.

Fair Value Measurement

In addition, for financial reporting purpose, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are

Notes to Ind AS Consolidated Financial Statements
For the year ended March 31, 2022 (Contd.)

observable for the asset or liability, either directly or indirectly; and

- Level 3 inputs are unobservable inputs for the assets or liability.

Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Act as amended. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act as amended, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards. Amounts in the financial statements are presented in Indian Rupees in Lakh [1 Lakh = 1,00,000] rounded off to two decimal places as permitted by Schedule III to the Act as amended. Per share data are presented in Indian Rupees to two decimal places.

Functional and presentation of currency

The financial statements are presented in Indian Rupees, which is the Group's functional and presentation currency and all amounts are rounded to the nearest rupees in thousand; except when otherwise stated.

Foreign Currency Translation

The financial statements are presented in Indian currency (₹), which is the Group's presentation currency. It is necessary for the results and financial position of each individual entity included in the reporting entity to be translated into the currency in which the reporting entity presents its financial statements. As the reporting entity presents its financial statement in ₹, the Group's financial statements are translated into ₹.

Foreign currency transactions are translated into presentation currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities

denominated in foreign currencies at the year end exchange rates are recognised in other comprehensive income.

Non-monetary items that are measured at fair value in the foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVTOCI are recognised in other comprehensive income.

The financial statements are translated from functional currency to presentation currency by using the following procedures:

- assets and liabilities for each balance sheet presented (ie including comparatives) shall be translated at the closing rate at the date of that balance sheet;
- income and expenses for each statement of profit and loss presented (ie including comparatives) shall be translated at average exchange rates during the year; and
- all resulting exchange differences shall be recognised in other comprehensive income.

(c) Principles of Consolidation

The Ind AS Consolidated Financial Statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions. Profits or losses resulting from intra-group transactions that are recognised in assets, such as Property, Plant and Equipment, are eliminated in full. The Ind AS Consolidated Financial Statements have been prepared using uniform accounting policies.

Goodwill represents the difference between the Holding Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.

Notes to Ind AS Consolidated Financial Statements For the year ended March 31, 2022 (Contd.)

Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Holding Company. Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Ind AS Consolidated Balance Sheet.

(d) Critical Accounting Judgements and key Sources of Estimation Uncertainty

The preparation of the Group's Ind AS Consolidated Financial Statements requires the Group's Management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

- (i) Amortisation of Customer relationship cost: During 2016-17, the Holding Company had acquired Private Wealth Management business from Religare Wealth Management Limited, for which the Holding Company had made payment which was capitalised as Customer Relationship Cost. The Holding Company has amortised the payment over the period of 3 years.
- (ii) Depreciation/Amortisation and useful lives of property, plant and equipment: The Group depreciates its tangible assets over the useful life of an Asset as prescribed under Part C of Schedule II of the Act. The Group remeasures remaining useful life of an asset at the end of each reporting date.
- (iii) Fair value measurement: Fair Value is a price of orderly transaction between market participants at the measurement date under current market conditions. The Group determines Fair Value of Quoted Instruments from available market price.

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

- (iv) Provisions: Provisions are recognised when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation. The Management estimates it by using its best judgement of future cash outflow.
- (v) Taxes: The Group periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. For matters where it is probable that an adjustment will be made, the Group records its best estimates of the tax liability in the current tax provision. The Management believes that it has adequately provided for the probable outcome of these matters.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

- (vi) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities.

Notes to Ind AS Consolidated Financial Statements
For the year ended March 31, 2022 (Contd.)

(vii) Leases: The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

(e) Current and Non-Current Classification

An asset shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

A liability shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be settled in the Group's normal operating cycle;

- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

(f) Property, Plant and Equipment and Intangible Assets and Depreciation and Amortisation

Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Direct costs in relation to the property, plant and equipment are capitalised until such assets are ready for use.

- (i) **Tangible Assets:** Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased during the year is proportionately charged. The Management estimates the useful lives and residual values of the property, plant and equipment as prescribed under Part C of Schedule II of the Act as follows.

Fixed Assets	Useful Life
Office Equipments	5 years
Computer Equipments	
a. Server	6 years
b. Other Computer Equipments	3 years
Vehicles	8 years
Furniture and Fixtures	10 years
Building	60 years

- (ii) Improvements on leased premises are depreciated over the lease period or useful life of the fixtures, whichever is lower.

- (iii) **Intangible Assets:** Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortisation

Notes to Ind AS Consolidated Financial Statements For the year ended March 31, 2022 (Contd.)

and impairment, if any. Amortisation is recognised in profit and loss on a straight line basis over the estimated useful lives of respective intangible assets, but not exceeding the useful lives given hereunder:

Customer Relationship cost is amortised over the period of 3 years on the straight-line method.

Software of Holding Company is amortised over a period of 3 Years on the straight-line method.

Software (OFA Plus) of a subsidiary i.e. Ffreedom Intermediary Infrastructure Private Limited had been amortised over a period of 5 Years till 2018-19 and 7 years in 2019-20 and in the 2020-21 the same has been amortised for the period of 10 years. The estimation of amortisation period for software had been reviewed by Management during the current financial year and the amortisation period has been revised to 10 years accordingly.

Software of a subsidiary A R Digital Wealth Private Limited is amortised over a period of 7 Years on the straight-line method till 2019-20. The estimation of amortisation period for software had been reviewed by Management during the current financial year and the amortisation period has been revised to 10 years accordingly.

Trade mark of one of the subsidiary i.e. Ffreedom Intermediary Infrastructure Private Limited is amortised over a period of 10 Years on the straight-line method.

- (iv) Capital work-in-progress comprises cost of property, plant and equipment that are not yet ready for their intended use as at the year end

(g) Financials Instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

Initial Recognition :

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial

liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

(i) Classification and Subsequent Measurement of Financial Assets

Financial assets are classified as 'Amortised Cost', 'Fair Value through Profit and Loss' (FVTPL) and 'Fair Value through Other Comprehensive Income' (FVTOCI) on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Financial assets are classified in the following categories :

Debt Instruments at amortised cost:

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is to hold asset to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTOCI: Debt instruments that meet the following conditions are subsequently measured at FVTOCI (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is achieved

Notes to Ind AS Consolidated Financial Statements
For the year ended March 31, 2022 (Contd.)

- both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTPL: Any debt instrument which is either initially designated at FVTPL or which does not meet the criteria for amortised cost or FVTOCI is measured at FVTPL.

Effective Interest Rate Method: Interest income from security deposits and debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Equity Instruments at FVTOCI: On initial recognition, the Group can make an irrevocable election (on an instrument by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the instrument is held for trading. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investment.

Financial Assets at FVTPL: Investments in equity instruments are classified at FVTPL, unless they were irrevocably elected on initial recognition as FVOCI. Financial Assets at FVTPL are measured at Fair Value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic

benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

(ii) *Impairment of financial assets*

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost, FVOCI debt instruments, and other financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 45 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iii) *Derecognition of financial assets*

A financial asset is derecognised only when :

- The Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Notes to Ind AS Consolidated Financial Statements For the year ended March 31, 2022 (Contd.)

(iv) *Financial Liabilities:*

Financial liabilities which are held for trading or are designated at FVTPL are measured at fair value with changes being recognised in the Statement of Profit and Loss. Financial liabilities that are not held for trading and are not designated as at FVTPL, are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

(v) *Derecognition of financial liabilities*

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. A substantial modification in the terms of an existing financial liability is accounted as a discharge of original financial liability and recognition of new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised as profit or loss.

(vi) *Offsetting financial assets and liabilities*

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right and ability to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

(h) **Derivatives financial instruments**

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss.

(i) **Impairment of Assets**

Property, plant or equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value in use) is

determined on an individual asset basis unless the asset does not generate cash flows that are largely independent to those from other assets.

The Carrying Amount of Assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss, if any, is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired. Reversal of impairment losses recognised in prior years is recorded when there is an indication that the impairment losses recognised for the assets no longer exists or have decreased.

(j) **Cash and cash equivalents**

(i) Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.

(ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined above, net of outstanding bank overdraft as they are considered as an integral part of the Group's cash management.

(k) **Borrowing Cost and Finance Charges**

Borrowing cost attributable to acquisition and construction of qualifying assets are capitalised as a part of the cost of such assets up to the date when such assets are ready for its intended use. Other borrowing cost are charged to the statement of profit and loss in the year in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowings.

(l) **Leases**

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to

Notes to Ind AS Consolidated Financial Statements
For the year ended March 31, 2022 (Contd.)

control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country

of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(m) Goodwill

Goodwill arising out of Consolidation of financial statements of subsidiaries is tested for impairment at each reporting date.

(n) Business Combination:

The Holding Company applies the acquisition method in accounting for business combinations. The consideration transferred by the Holding Company to obtain control of a business is calculated as the sum of the fair values of assets transferred, liabilities incurred and the equity interests issued by the Holding Company as at the acquisition date i.e. date on which it obtains control of the acquire which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition-related costs are recognised in the Statement of Profit and Loss as incurred, except to the extent related to the issue of debt or equity securities.

Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values on acquisition-date.

Intangible Assets acquired in a Business Combination and recognised separately from Goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a Business Combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

Goodwill is measured as the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net

Notes to Ind AS Consolidated Financial Statements For the year ended March 31, 2022 (Contd.)

assets acquired is in excess of the aggregate consideration transferred, the excess is termed as Gain on Bargain Purchase/Capital reserve.

(o) Employee Benefits

Defined Contribution plan – Retirement benefit in the form of Provident Fund is a defined contribution scheme. The Group is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund as a part of retirement benefits to its employees. The contributions during the year are charged to Statement of Profit and Loss. The Group recognises contribution payable to the Provident Fund scheme as an expenditure when an employee renders related service.

Defined Benefit Plan – Gratuity, which is in the nature of Defined Benefit Schemes, are payable only to employees and accounted for on accrual basis. The Cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses are recognised in other comprehensive income in the year in which they occur and are not reclassified to the Statement of Profit and Loss.

The Holding Company has funded its Gratuity liability under group scheme with an Insurer. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of the scheme assets. Any asset resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the scheme.

Short Term Employee Benefits - The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include incentive and Annual Leave which are expected to occur within twelve months after the end of the year in which the employee renders the related service.

(p) Revenue Recognition

Revenue is recognised to the extent that is probable that the economic benefits will flow to the Group and the amount can be reliably

measured. Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts. The Group assesses the nature, timing and extent of revenue based on performance obligations in its contracts/understanding/trade customs with customers and clients.

1. Income related with Distribution and sale of Financial product including Distribution income on Mutual Fund, Portfolio Management Service (PMS), Advisory activities, Referral fees, Gain/Loss on sale of Investment (Structured Product), Consultancy, Commission Income, Software license and Subscription fees and Marketing Support charges is accounted on accrual basis.
2. In respect of financial planning fees since entire work is done at the initial stage entire revenue is recognised at the time of contract
3. Dividend income is accounted for when the right to receive the income is established.
4. Difference between the sale price and the carrying value of investment is recognised as profit or loss on sale/ redemption on investment on trade date of transaction. Carrying value of investments is determined based on first in first out value of investments sold.
5. Interest income is recognised on a time basis using the effective interest method.

(q) Taxes on Income

Current Tax: Provision for Income Tax is determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred Tax: Deferred tax is provided, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Statement of Profit and Loss.

Notes to Ind AS Consolidated Financial Statements
For the year ended March 31, 2022 (Contd.)

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable.

(r) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date, taking into account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are possible but not probable obligations as on the Balance Sheet date, based on the available evidence. Contingent Liabilities are not recognised in the Ind AS Consolidated Financial Statements.

Contingent Assets are neither recognised nor disclosed.

(s) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Holding Company by the weighted average number of equity shares outstanding during the year.

The Weighted average number of equity shares outstanding during the year is adjusted for events such as issue of shares, bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), without a corresponding change in resources.

Diluted earnings per share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(t) Cash Flow Statement

Cash flow statement is prepared using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(u) Share Based payment Arrangements

Equity settled share based payments to employees and others are measured at the fair value of equity instruments at the grant date. The fair value determined at the grant date of the equity settled share based payments is expensed on a straight line basis over the vesting period, based on the Holding Company's estimate of equity instrument that will eventually vest, with a corresponding increase in equity.

(v) Rounding of amounts

All amounts disclosed in the Ind AS Consolidated Financial Statements and notes have been rounded off to the nearest thousand as per the requirement of Schedule III, unless otherwise stated.

The Group is recognising and accruing the retirement benefits as per Indian Accounting Standard (Ind AS) 19 on "Employee Benefits". The details are as enunciated below as certified by an independent actuary.

A. Defined Benefit Plans

Gratuity:

The gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Group and is in accordance with the Rules of the Company for payment of gratuity.

Inherent Risk

The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, this exposes the Company to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employee in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

There are no amounts included in the fair value of plan assets for:

- i) Company's own financial instrument
- ii) Property occupied by or other assets used by the Company

Discount Rate:

Discount Rate for this valuation is based on Yield to Maturity (YTM) available on Government bonds having similar term to decrement-adjusted estimated term of liabilities.

For valuation as at August 31, 2021 the estimated term of liabilities is 14.21 years, corresponding to which YTM on government bonds is 7.05%, after rounding to nearest 0.05%.

Expected rate of return on assets:

It is the average long term rate of return expected on investments of the Trust Fund.

Salary Escalation Rate:

Salary escalation assumption is based on estimates of over all long-term salary growth rates after taking in to consideration expected earnings inflation as well as performance and seniority related increases.

Withdrawal Rate:

Assumptions regarding withdrawal rates is based on the estimates of expected long term employee turnover within the organisation.

Mortality Rate

It is based on Indian Assured Lives Mortality (2012-14) Ult. as issued by Institute of Actuaries of India for the actuarial valuation.

Asset Liability Matching Strategy

The Holding Company has funded its gratuity liability. The money contributed by the Holding Company to the Gratuity fund to finance the liabilities of the plan has to be invested.

The trustees of the plan have outsourced the investment management of the fund to an Insurance Company. The Insurance Company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it is not possible to explicitly follow an asset liability matching strategy

There is no compulsion on the part of the Group to fully prefund the liability of the Plan. The Group's philosophy is to fund these benefits based on its own liquidity and the level of underfunding of the plan.

32. LEASE

The incremental borrowing rate applied to lease liabilities as at April 1, 2020 is 9.30% and as at April 1, 2021 is 8.45%

The following is the summary of practical expedients elected on initial application:

- a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- b) Applied the exemption not to recognise right to use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- c) Excluded the initial direct costs from the measurement of the right to use asset at the date of initial application.
- d) Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

Notes to Ind AS Consolidated Financial Statements For the year ended March 31, 2022 (Contd.)

Note 1 - Figures in brackets in the above table represent previous year numbers.

Valuation techniques used to determine the fair values:

- Listed equity instruments and mutual funds which are fair valued using quoted prices and closing NAV in the market.
- Discounted cash flow method has been used to determine the fair value of unquoted equity shares of other companies. The discount rate is used based on management estimates.
- The Company has made necessary adjustments to the observable and unobservable inputs used for the purpose of valuation
- The fair value of the quoted instruments are based on market price at the reporting date. The valuation of unquoted index options is done through Black and Scholes model. In case of unquoted instruments, unquoted debentures and PMS valuation is done on basis of discounted cash flow method.

Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the period ended March 31, 2022 and March 31, 2021.

Sensitivity analysis of Level 3 instruments

Nature of instrument	Fair Value as at March 31, 2022	Significant unobservable inputs	Increase/decrease in the unobservable input	Sensitivity Impact for year ended March 31, 2022 for FV increase	Sensitivity Impact for year ended March 31, 2022 for FV decrease
(i) Unquoted Debentures	935.09	Impact estimated by the management	5%	46.75	(46.75)
(ii) PMS	-		5%	-	-
(iii) Equity Shares of Other Companies	10,350.00		5%	517.50	(517.50)

- The fair value of the financial assets and liabilities are included at the amount at which the instrument can be exchanged in the current transaction between willing parties, other than in a forced or liquidation sale.
- Financial instruments carried at amortised cost such as cash and margin money deposits, trade and other receivables, trade payables, borrowings and other current financial instruments approximate their fair values largely due to short term maturities of these instruments.

45. FINANCIAL INSTRUMENTS – RISK MANAGEMENT

Risk management framework

The Group's activities expose it to a variety of financial risks, including market risk, credit risk, liquidity risk and currency risk. The Group's primary risk management focus is to minimise potential adverse effects on revenue. The Group's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities. The Board of Directors and the Audit Committee of the Holding Company is responsible for overseeing the Group's risk assessment and management policies and processes.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages liquidity risk by maintaining sufficient cash and marketable securities. The cash flows, funding requirements and liquidity of Group is regularly monitored by Management of the Group. The objective is to optimise the efficiency and effectiveness of Group's capital resources.

Exposure to liquidity risk

The table below analyses the Group's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities

March 31, 2022	Contractual Cash Flows (₹ in Lakhs)					
	Carrying amount	Total	On Demand	Less than 3 months	3-12 months	1-5 years

Trade Payables	20.23	20.23	-	20.23	-	-
Other Financial Liabilities	565.81	565.81	-	565.81	-	-

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers, security deposits, capital advances and investment securities.

Customer credit risk is managed by the Group as per its policy, procedures and control relating to customer credit risk. Credit quality of a customer credit risk is assessed based on an extensive credit rating scoreboard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and all possible steps taken to timely realise them.

The credit risk on Fixed Deposits with Banks, Bank Balances, Investments in Mutual Fund and Derivative Financial Instruments is limited because the counterparties are Banks, Exchanges and Mutual Fund houses who are structured market players.

7. To Approve ‘ANAND RATHI - Employees Stock Option Plan 2022’

To consider and, if thought fit, to pass the following resolution as **Special Resolution**:

“**RESOLVED THAT** pursuant to the provisions of Section 62 (1) (b) of the Companies Act, 2013 (‘the Act’) and the Companies (Share Capital and Debentures) Rules, 2014 and other applicable provisions, if any, of the Act, including any statutory modification(s) or re-enactment of the Act for the time being in force and in accordance with the provisions of the Memorandum and Articles of Association of the Company and the provisions of the Securities and Exchange Board Of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 including any modifications thereof or supplements thereto (‘the **SEBI SBEB and Sweat Equity Regulations**’), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (‘the **SEBI LODR Regulations**’), the Listing Agreement entered into with the Stock Exchange where the securities of the Company are listed and any other applicable laws for the time being in force and subject

to such other consents, permissions, sanctions and approvals which may be agreed by the Board of Directors of the Company (hereinafter referred to as "**the Board**") which term shall be deemed to include the Compensation Committee / Nomination and Remuneration Committee), consent of the Shareholders be and is hereby accorded to introduce and implement the '**ANAND RATHI - Employees Stock Option Plan 2022**' ("**AR ESOP - 2022**") the salient features of which are detailed in the Explanatory Statement to this Notice and to create, grant, offer, issue and allot at any time in one or more tranches to or for the benefit of such person(s) who are in the employment of the Company, whether working in India or outside India, including Director of the Company, whether Whole-time director or not, including a non-executive director, but excluding Promoter, Promoter group and independent Directors, a director who, either himself or through his relative or through anybody corporate, directly or indirectly, holds more than ten per cent of the outstanding equity shares of the company and such other persons as may from time to time be allowed to be eligible for the benefit under the provisions of applicable laws and Regulations prevailing from time to time (hereinafter collectively referred to as "**Employees**") selected on the basis of criteria decided by the Board under the AR ESOP - 2022, such number of stock options convertible into Equity Shares of the Company ("**Options**"), in one or more tranches, not exceeding 90,000 (Ninety Thousand) equity shares of face value of Rs. 5/- each (Rupees Five), at such price and on such terms and conditions as may be fixed or determined by the Board in accordance with the AR ESOP - 2022, and all provisions of applicable laws.

RESOLVED FURTHER THAT the AR ESOP - 2022 may also envisage provisions for providing financial assistance to the Eligible Employees to enable them to acquire, purchase or subscribe to the said Securities of the Company in accordance with the provisions of the Act/Regulations.

RESOLVED FURTHER THAT the Board be and is hereby authorized to issue and allot Equity Shares directly to the eligible Employees upon exercise of Options from time to time in accordance with the AR ESOP - 2022 and such equity shares shall rank pari-passu in all respects with the then existing equity shares of the Company.

RESOLVED FURTHER THAT in case of any corporate action(s) such as rights issues, bonus issues, merger, buy-back, scheme of arrangement and sale of division or other re-organisation of capital structure of the Company, as applicable from time to time, if any additional equity shares are issued by the Company for the purpose of making a fair and reasonable adjustment to the Stock Options granted earlier, the above ceiling shall be deemed to be increased to the extent of such additional equity shares issued.

RESOLVED FURTHER THAT in case the equity shares of the Company are either sub-divided or consolidated, then the number of equity shares to be issued and allotted on exercise of Options granted under the AR ESOP - 2022 and the exercise price of Options granted under the AR ESOP - 2022 shall automatically stand augmented or reduced, as the case may be, in the same proportion as the present face value of Rs. 5/- per equity share bears to their revised face value of the equity shares of the Company after such sub-division or consolidation, without affecting any other rights or obligations of the employees who have been granted Stock Options under the AR ESOP - 2022.

RESOLVED FURTHER THAT without prejudice to the generality of the above; the Board, which includes the Compensation/ Nomination and Remuneration Committee is authorised to formulate, evolve, decide upon and implement the AR ESOP - 2022, determine the detailed terms and conditions of the aforementioned AR ESOP - 2022 including but not limited to the quantum of the Options to be granted per employee, the number of Options to be granted in each tranche, the terms or combination of terms subject to which the said Options are to be granted, the exercise period, the vesting period, the vesting conditions, instances where such Stock Options shall lapse and to grant such number of Options, to such employees of the Company, at price, at such time and on such terms and conditions as set out in the AR ESOP - 2022 and as the Board or the Compensation/ Nomination and Remuneration Committee may in its absolute discretion think fit.

RESOLVED FURTHER THAT the Nomination and Remuneration Committee be designated as the Compensation Committee (hereinafter collectively referred to as "**Employees**") in accordance with Regulation 5(1) and Regulation 5(2) of the SEBI SBEB

and Sweat Equity Regulations for the purposes of administration of AR ESOP - 2022.

RESOLVED FURTHER THAT the Board is hereby authorised to make any modifications, changes, variations, alterations or revisions in the AR ESOP - 2022 as it may deem fit, from time to time or to suspend, withdraw or revive the AR ESOP - 2022 from time to time, in conformity with applicable laws, provided such variations, modifications, alterations or revisions are not detrimental to the interests of the Employees.

RESOLVED FURTHER THAT the Board shall take necessary steps for listing of the Equity Shares allotted under the AR ESOP - 2022 on the Stock Exchanges, where the Shares of the Company are listed in accordance with the provisions of the SEBI SBEB and Sweat Equity Regulations, the SEBI LODR Regulations and other applicable laws and regulations.

RESOLVED FURTHER THAT for the purpose of giving effect to this Resolution, the Board be and is hereby authorized to do all such acts, deeds, matters and things as it may, in its absolute discretion, deem necessary, expedient or proper and to settle all questions, difficulties or doubts that may arise in relation to formulation and implementation of the AR ESOP - 2022 at any stage including at the time of listing of the equity shares issued herein without requiring the Board to secure any further consent or approval of the Members of the Company to the end and intent that they shall be deemed to have given their approval thereto expressly by the authority of this Resolution.

RESOLVED FURTHER THAT the Board be and is hereby authorized to delegate all or any powers conferred herein to the Committee, with power to sub-delegate to any Executives/Officers of the Company to do all such acts, deeds, matters and things as also to execute such documents, writings etc., as may be necessary in this regard."

8. **To extend approval of 'ANAND RATHI - Employees Stock Option Plan 2022' to the present and future employees of Holding Company, Associate Companies, Group Companies and its Subsidiary**

Companies and in this regard, pass the following resolution as a Special Resolution:

"RESOLVED THAT pursuant to the provisions of Section 62(1)(b) of the Companies Act, 2013 (**"the Act"**) and the Companies (Share Capital and Debentures) Rules, 2014 and other applicable provisions, if any, of the Act, the Securities and Exchange Board Of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 including any modifications thereof or supplements thereto (**"the SEBI SBEB and Sweat Equity Regulations"**), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (**"the SEBI LODR Regulations"**), the Listing Agreement entered into with the Stock Exchanges where the securities of the Company are listed and any other applicable laws for the time being in force and subject to such other consents, permissions, sanctions and approvals as may be necessary and which may be agreed to by the Board of Directors of the Company (hereinafter referred to as **"the Board"**, which term shall be deemed to include any Committee including the Compensation/ Nomination and Remuneration Committee to exercise the powers conferred by this Resolution), consent and approval of the Shareholders be and is hereby accorded to extend the benefits of **'ANAND RATHI - Employees Stock Option Plan 2022'** (**"AR ESOP - 2022"**) to such persons who are in the employment of the Holding Company, Group Companies, Associate Companies and its Subsidiary Companies (whether now or hereafter existing, whether incorporated in India or overseas as may be from time to time be allowed under the prevailing laws, rules and regulations and / or any amendments thereto from time to time), whether working in India or out of India and to the directors of the Holding Company, Group Companies, Associate Companies or its Subsidiary Companies, and to such other persons as may from time to time be allowed, under prevailing laws, rules and regulations, and/ or amendments thereto from time to time, on such terms and conditions as may be decided by the Board, and selected on the basis of criteria prescribed by the Board, at such price or prices in one or more tranches and on such terms and conditions, as may be fixed or determined by the Board in accordance with the AR ESOP - 2022.

RESOLVED FURTHER THAT for the purpose of creating, offering, issuing, allotting and listing of the Securities, the Board be authorized on behalf of the Company to make any modifications, changes, variations, alterations or revisions in the AR ESOP – 2022 from time to time or to suspend, withdraw, or revive AR ESOP - 2022 from time to time, provided such variations, modifications, alterations or revisions are not detrimental to the interests of the Employees.

RESOLVED FURTHER THAT for the purpose of giving effect to this Resolution, the Board be authorized to determine terms and conditions of issue of the Securities and do all such acts, deeds, matters and things as it may, in its absolute discretion, deem necessary for such purpose and with power on behalf of the Company to settle any questions, difficulties or

doubts that may arise in this regard without requiring to secure any further consent or approval of the Shareholders of the Company.”

EXPLANATORY STATEMENT

(PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013)

EXPLANATORY STATEMENT PURSUANT TO THE PROVISIONS OF SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NOS. 4-ORDINARY RESOLUTION

To re-appoint M/s kkc & associates llp as Statutory Auditors of the Company and to fix their remuneration.

M/s kkc & associates llp (formerly M/s Khimji Kunverji and Co. LLP), Chartered Accountants, were appointed as Statutory Auditors of the Company at the Annual General Meeting ('AGM') held on 29th September 2017 for a period of 5 years, up to the conclusion of the ensuing AGM of 2022. M/s kkc & associates llp are eligible for re-appointment for a further period of 5 years. M/s kkc & associates llp have given their consent for their re-appointment as Statutory Auditors of the Company and has issued certificate confirming that their re-appointment, if made, will be within the limits prescribed under the provisions of Section 139 of the Companies Act, 2013 ('the Act') and the rules made thereunder.

M/s kkc & associates llp have confirmed that they are eligible for the proposed appointment under the Act, the Chartered Accountants Act, 1949 and the rules or regulations made thereunder. As confirmed to Audit Committee and stated in their report on financial statements, the Auditors have reported their independence from the Company and its subsidiaries according to the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and the ethical requirements relevant to audit.

Based on the recommendations of the Audit Committee and the Board of Directors, it is hereby proposed to re-appoint M/s kkc & associates llp, Chartered Accountants, having registration no. 105146W/W100621, as the Statutory Auditors of the Company for the second and final term of five consecutive years, who shall hold office from the conclusion of this AGM till the conclusion of the AGM in the year 2027.

The Board of Directors has approved a remuneration of ₹ 50,00,000/- (Rupees Fifty Lakhs) for conducting the audit for the financial year 2022-23, excluding applicable taxes and reimbursement of out-of-pocket expenses on actuals. The remuneration proposed to be paid to the Statutory Auditors during their second and final term would be in line with the existing remuneration and shall be commensurate with the services to be rendered by them during the said tenure.

The Board of Directors in consultation with the Audit Committee may alter and vary the terms and conditions of appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the Statutory Auditors.

The firm has more than 80 years of experience. It has offices located in Mumbai, Bengaluru and Ahmedabad. It caters full bouquet of assurance, advisory and consultancy services to its clients across all industries. The firm has rich experience to serve multi-national companies (MNCs), large corporates, small and medium enterprises (SMEs) and Owner Managed Businesses. The firm holds the 'Peer Review' certificate as issued by 'ICAI'.

The Board recommends the resolution set out at Item No. 4 of the Notice for approval by the Members by way of an Ordinary Resolution. None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in the resolution

Item no. 5 : Ordinary Resolution

To grant authority to the Board for making donation to bona fide charitable and other fund:

In line with earlier practices, your Company wishes to donate part of its profits/surplus generated out of business for certain philanthropic activities.

Section 181 of Companies Act, 2013 allows making donation by the Companies subject to the condition that, prior permission of the shareholders shall be required, if the Company decides to donate to any bona fide charitable and other funds, any amount, the aggregate of which, in any financial year, exceed five per cent of its average net profits for the three immediately preceding financial years.

For the Financial Year 2022-23, it is proposed to contribute, donate, provide financial assistance not exceeding ₹ 5 Crores to such bona fide charitable, social, benevolent and other funds, body, university, institute, society, trust, etc. as may be decided by the Board or the Chairman or the Managing Director of the Company, from time to time.

Since the proposed amount exceeds the five percent threshold prescribed under the aforesaid provisions, the present resolution seeks approval of the shareholders of the Company by way of ordinary resolution for making aggregate donation up to ₹ 5 Crore (Limit) during the financial year 2022-23, including authority to the Board or the Chairman or the Executive Director of the Company, as the case may be, to identify bonafide charitable and other funds and decide the amount/donations to be contributed to each such bodies, within aforesaid Limit.

Notice (Contd.)

Except the officers mentioned above, none of the directors and key managerial personnel of the Company and/or their relatives are either concerned or interested, financially or otherwise, in the resolution.

Item no. 6 : Ordinary Resolution

To approve Material Related Party Transaction

Anand Rathi Global Finance Limited ("ARGFL") is the group Company of Anand Rathi Wealth Limited ("ARWL") and is also the part of the Promoter Group of ARWL.

ARGFL is a registered Non-Banking Finance Company – Non Deposit taking – Systematically Important (NBFC-ND-SI). Its main objects are to act as financial consultants, provide advice, services, consultancy in various fields, to carry on the business of financing, investing funds in various financial instruments, to provide all kinds of loans excluding banking business, subject to compliance with law in this regard.

The Company and ARGFL have entered into various Related Party Transactions ("RPTs") from time to time which are pre-approved by the Audit Committee as per Section 188 of the Act and Regulation 23 of the SEBI Listing Regulations.

One of the RPT's include purchase of market linked debentures by ARWL from ARGFL. For 2022-23, the Audit Committee at its meeting held on April 12, 2022, have approved the RPT transaction for purchase of market linked debentures by ARWL from ARGFL, subject to maximum being 4,000 Crore nos of Debentures during 2022-23.

Pursuant to the provisions of Regulation 23 of the SEBI Listing Regulations, Material Related Party Transaction ('Material RPT') is defined as a transaction entered/ to be entered into with a related party, individually or taken together with previous transactions, during a Financial Year, exceeding ₹ 1,000 Crore or 10% of the consolidated

turnover of ARWL, whichever is lower. The said Material RPT requires prior approval of shareholders of the Company.

Since the aggregate value of the RPT of ARWL with ARGFL for the said transaction of purchase of market linked debentures is expected to exceed the threshold of 10% of the consolidated turnover of ARWL, the Company is approaching the Members for approval of the said Material RPT transaction with ARGFL for 2022-23.

The Company will ensure that the value of the said RPT transaction of ARWL with ARGFL does not exceed the materiality threshold up to the date of this 27th AGM.

The said RPT transaction with ARGFL will be in the best interest of the shareholders and the same is also commercially beneficial to the Company. The Company has benefitted from such transactions with ARGFL in the past. The quantum of the benefits realised are subject to multiple variables and hence may vary based on time, market conditions and opportunities. Accordingly, the said Material RPT transaction is recommended for approval of the Members.

The RPT transaction carried out with ARGFL will be reported and reviewed on a quarterly basis by the Audit Committee.

As per Regulation 23 of the SEBI Listing Regulations, all Related Parties, irrespective of the fact that they are a party to the proposed Material RPT or not, shall not vote to approve the proposed resolution.

The relevant information pertaining to transaction with ARGFL as required under Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, as amended and SEBI circular No. SEBI/HO/CFD/CMD1/CIR/P/2021/662 dated November 22, 2021 is given below:

The Directors, Key Managerial Personnel or their relatives holding shares of the Company may be deemed to be concerned or otherwise interested in the said Ordinary Resolution to the extent of their shareholding.

The Board recommends the Ordinary Resolution as set out for approval by the Members.

Item no. 7 and 8: Special Resolution

Stock Options represent a reward system based on performance. They help companies attract, retain and motivate the best available talent. Stock Options also provide a company with an opportunity to optimise its personnel costs. This also provides an opportunity to employees to participate in the growth of the company, besides creating long term wealth in their hands.

Further, as the business environment is becoming increasingly competitive, it is important to attract and retain qualified, talented and competent personnel in the Company. Your Company believes in rewarding its Employees including employees of the Holding Company, Group Companies, Associate Companies and/or its Subsidiary Companies, if any, for their continuous hard work, dedication and support, which has led the Company and its Holding Company, Group Companies, Associate Companies and/or its Subsidiary Companies on the growth path.

Keeping in line with the above, '**ANAND RATHI** - Employees Stock Option Plan 2022' ('the Scheme') has been formulated by the Company and to be implemented by Compensation

Notice (Contd.)

/ Nomination & Remuneration Committee constituted under Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 in accordance with the requirements of Securities and Exchange Board of India (Share Based Employee and Sweat Equity Benefits) Regulations, 2021 (“SEBI SBEB and Sweat Equity Regulations”) issued by SEBI and other applicable laws. The Scheme has been approved by the Board of Directors at their Meeting held on July 12, 2022, subject to the approval of the members.

The Scheme will be operated and administered under the superintendence of the Company’s Compensation Committee / Nomination and Remuneration Committee, which is a Committee of the Board of Directors, the majority of whose Members are Independent Directors. The Compensation Committee / Nomination and Remuneration Committee will formulate the detailed terms and conditions of the Scheme including:

- a. the quantum of options, shares or benefits as the case may be, per employee and in aggregate under a scheme;
- b. the kind of benefits to be granted under this scheme;
- c. the conditions under which options, shares or other benefits as the case may be, may vest in employees and may lapse in case of termination of employment for misconduct;
- d. the exercise period within which the employee can exercise the options and that options would lapse on failure to exercise the same within the exercise period;
- e. the specified time period within which the employee shall exercise the vested options or in the event of termination or resignation;
- f. the right of an employee to exercise all the options, as the case may be, vested in him at one time or at various points of time within the exercise period;
- g. the procedure for making a fair and reasonable adjustment to the entitlement including adjustment to the number of options and to the exercise price in case of corporate actions such as rights issues, bonus issues, merger, sale of division and others. In this regard, the following shall, inter alia, be taken into consideration by the compensation committee:
 - (i) the number and price of options shall be adjusted in a manner such that total value to the

employee of the options remains the same after the corporate action;

- (ii) the vesting period and the life of the options shall be left unaltered as far as possible to protect the rights of the employee(s) who is granted such options;
- h. the grant, vesting and exercise of shares, options or in case of employees who are on long leave;
- i. eligibility to avail benefits under this scheme in case of employees who are on long leave;
- j. the procedure for funding the exercise of options; and
- k. the procedure for buy-back of specified securities issued under these regulations, if to be undertaken at any time by the company, and the applicable terms and conditions, including:
 - (i) permissible sources of financing for buy-back;
 - (ii) any minimum financial thresholds to be maintained by the company as per its last financial statements; and
 - (iii) limits upon quantum of specified securities that the company may buy-back in financial year.
- l. shall frame suitable policies and procedures to ensure that there is no violation of securities laws including the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 and the Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices Relating to the Securities Market) Regulations, 2003, as amended from time to time, by the trust, the company and its employees, as may be applicable
- m. Any other related or incidental matters.

In Compliance with the provisions of Rule 12(2) of Companies (Share Capital and Debenture) Rule 2014, the necessary disclosure of the Scheme are provided thereunder:

- a) **Brief Description of the Scheme is given as under:**
“ANAND RATHI - Employees Stock Option Plan 2022” (‘AR ESOP – 2022’) has been formulated by the Company and to be implemented by Compensation Committee / Nomination & Remuneration Committee constituted under Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 in

Notice (Contd.)

accordance with the requirements of Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ("SEBI SBEB and Sweat Equity Regulations") issued by SEBI and other applicable laws. The Scheme has been approved by the Board of Directors at their Meeting held on July 12 2022, subject to the approval of the members.

b) **The total number of options to be granted**

The total number of options that may, in the aggregate, be issued would be such number of options which shall entitle the option holders to acquire in one or more tranches upto 90,000 (Ninety Thousand) equity shares of face value of Rs. 5/- each (or such other adjusted figure for any bonus, stock splits, buy-back, scheme of arrangement or consolidations or other re-organisation of the capital structure of the Company as may be applicable from time to time).

SEBI SBEB and Sweat Equity Regulations require that in case of any corporate action(s) such as rights issues, bonus issues, buy-back, scheme of arrangement merger and sale or division, and others, a fair and reasonable adjustment needs to be made to the Options granted. Accordingly, if any additional Equity Shares are issued by the Company to the Option grantees for making such fair and reasonable adjustment, the above ceiling Shares shall be deemed to be increased to the extent of such additional equity shares issued.

An employee may surrender his/her vested /unvested options at any time during / post his employment with the company. Any employee willing to surrender his/her options shall communicate the same to the Board or Committee in writing.

Vested options lapsed due to non-exercise, surrender and/or unvested options that gets cancelled due to resignation or any other separation conditions of Option grantees, surrendered or otherwise, would

be available for being re-granted at a future date. The Board is authorized to re-grant such lapsed / cancelled / surrendered options as per the provisions of the AR ESOP – 2022.

c) **Identification of classes of employees entitled to participate and be beneficiaries in the Scheme.**

All employees working in India or out of India and Directors (whether Managing/Whole time Director or not) of Company and its Holding Company, Group Companies, Associate Companies and/or its Subsidiary Companies, (present or future) (excluding promoters and an employee who is a Promoter or a person belonging to the Promoter Group) and further excluding a director who either by himself or through his relative or through any Body Corporate, directly or indirectly holds more than 10% of the outstanding equity shares of the Company and excluding Independent Directors as may be decided by the Compensation Committee / Nomination and Remuneration Committee.

The class of Employees eligible for participating in the Scheme shall be determined on the basis of the grade, number of years' service, performance, role assigned to the employee and such other parameters as may be decided by the Compensation Committee / Nomination and Remuneration Committee in its sole discretion from time to time.

The options granted to an Employee will not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any other manner.

d) **Requirements of vesting and period of vesting**

Vesting of options may commence after a period of not less than one year from the date of individual grant. The vesting may occur in one or more tranches, subject to the terms and conditions of vesting, as stipulated in the AR ESOP-2022.

Notice (Contd.)

All Unvested Options as on the date of such Permanent Disability shall vest immediately and can be exercised by the Option Grantee or, if the Option Grantee is himself unable to exercise due to such incapacity, the nominee or legal heir immediately after, but in no event later than 12 months from the date of such disability.
7	Abandonment**	All the Vested Options shall stand cancelled.	All the Unvested Options shall stand cancelled.
8	Any other reason not specified above	The Committee shall decide whether the Vested Options as on that date can be exercised by the Option Grantee or not, and such decision shall be final.	All Unvested Options on the date of separation shall stand cancelled with effect from that date.

*In case of any regulatory changes warranting any change in vesting schedule/ conditions/exercise period in any of the above separation conditions, the provisions of such change shall apply.

**The Board/Committee, at its sole discretion shall decide the date of cancellation of Option's and such decision shall be binding on all concerned. Provided that, in accordance with Applicable Law, notwithstanding anything to the contrary contained herein, the Company shall not vary the terms of the Scheme in any manner which may be detrimental to the interests of the Employees.

Notice (Contd.)

e) **Maximum period within which the options shall be vested**

The maximum vesting period may extend up to 5 (five) years from the date of grant of options, unless otherwise decided by the Compensation / Nomination and Remuneration Committee.

f) **Exercise price or pricing formula**

Exercise Price means the price at which the Option Grantee is entitled to acquire the equity shares pursuant to the options granted and vested in him/her under the Scheme.

The Exercise Price shall be as may be decided by the Committee as is allowed under the SBEB and Sweat Regulations which in any case will not be lower than the face value of the equity shares of the Company on the date of such grant. Further the Exercise Price can be different for different set of employees for options granted on same / different dates. The same shall be subject to any fair and reasonable adjustments that may be made on account of corporate actions of the Company in order to comply with the applicable laws.

No amount shall be payable by the option grantee at the time of grant.

Notwithstanding anything contained hereinabove, amount paid/payable, if any, by the employee at the time of the grant, vesting or exercise of the options will be forfeited if the employee does not exercise the same within the exercise period.

g) **Exercise period and process of exercise**

The Exercise period shall not be more than 5 (five) years from the date of respective vesting of Options. The options granted may be exercised by the Grantee at one time or at various points of time within the exercise period as determined by the Committee from time to time.

The Vested options shall be exercisable by the employees by a written application (which will include making applications online using any ESOP administration software) to the Company expressing his/ her desire to exercise such options in such manner and on such format as may be prescribed by the Compensation/Nomination and Remuneration Committee (the "Committee") from time to time. The options shall lapse if not exercised within the specified exercise period. The options may also lapse, under certain circumstances even before the expiry of the specified exercise period.

Payment of the Exercise Price shall be made by a crossed cheque or a demand draft drawn in favour of the Company, or by any other payment methods prevalent in RBI recognized banking channels or in such other manner and subject to such procedures as the Board/Committee may decide.

h) **Appraisal Process for determining the eligibility of Employees to the Scheme.**

The appraisal process for determining the eligibility of the Employee will be specified by the Compensation / Nomination and Remuneration Committee and will be based on criteria such as the grade of Employee, length of service, performance record, merit of the Employee, future potential contribution by the Employee and/or by any such criteria that may be determined by the Compensation / Nomination and Remuneration Committee.

i) **Maximum number of options to be issued per Employee and in the aggregate**

The maximum number of options to be granted per employee per grant and in aggregate shall not exceed 90,000 (Ninety Thousand) i.e 0.22% of the issued Capital.

As the total number of Options to be granted under the Scheme is 90,000 (Ninety Thousand) i.e 0.22% of issued Capital therefore the maximum number of Options that shall be granted to any specific identified Employee(s) will not be equal to or exceeding 1% of the issued (excluding outstanding warrants and conversions) of the Company and in aggregate if the prior specific approval from members of the Company through a special resolution to this effect is not obtained.

j) **Maximum quantum of benefits to be provided per employee under a Scheme**

The Maximum quantum of benefits underlying the options issued to an eligible employee shall depend upon the Market Price of the shares as on the date of sale of shares arising out of Exercise of options.

k) **Whether the AR ESOP – 2022 is to be implemented and administered directly by the Company or through a trust**

The Scheme will be implemented directly by the Company under the guidance of the Compensation / Nomination and Remuneration Committee of the Board.

Notice (Contd.)

l) Whether AR ESOP – 2022 involves new issue of shares by the Company or Secondary acquisition by the trust

The Scheme will involve only new issue of shares by the Company.

m) The amount of loan to be provided for implementation of the scheme(s) by the company to the trust, its tenure, utilization, repayment terms, etc.

Not Applicable

n) Maximum percentage of secondary acquisition (subject to limits specified under the regulations) that can be made by the trust for the purposes of the scheme(s).

Not Applicable

o) Disclosure and accounting policies

The Company shall conform to the accounting policies specified in Regulation 15 of the SEBI (SBEB and Sweat Equity) Regulations.

Further the Company shall disclose details of Grant, Vest, Exercise and lapse of the Employee Stock Options in the Directors' Report or in an annexure thereof as prescribed under SEBI (SBEB and Sweat Equity) Regulations or any other Applicable Laws as in force. Further the Company shall follow the laws/regulations applicable to accounting and disclosure related to Employee Stock Options, including but not limited to SEBI (SBEB and Sweat Equity) Regulations, section 133 of the Companies Act, 2013 as well as the Guidance Note on Accounting for Employee Share-based Payments and/ or any relevant Accounting Standards as may be prescribed by the Regulatory authorities from time to time, including the disclosure requirements prescribed therein.

p) Method of Valuation of options

The Company follows fair value method for computing the compensation cost, if any, for the options granted. The company will follow IFRS/ IND AS/ any other requirements for accounting of the Stock options as are applicable to the Company for the same.

Since the company opts for expensing of share-based employee benefits using the fair value method, the following statement will not be applicable viz.

In case the company opts for expensing of share-based employee benefits using the intrinsic value

intrinsic value, the difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value, shall be disclosed in the Directors' report and the impact of this difference on profits and on earnings per share ("EPS") of the company shall also be disclosed in the Directors' report.'

q) Lock-in

The Shares issued upon exercise of Options shall be freely transferable and shall not be subject to any lock-in period restriction after such exercise. However, the Board or the Committee as may be authorized by the Board, may, in some cases, provide for lock-in of shares issued upon the exercise of Options.

Provided that the transferability of the Shares shall be subject to the restriction for such period in terms of the Securities Exchange Board of India (Prohibition of Insider Trading), Regulations, 2015, as amended from time to time or for such other period as may be stipulated from time to time in terms of Company's Code of Conduct for Prevention of Insider Trading.

r) Terms & conditions for buyback, if any, of specified securities covered under the SEBI SBEB and Sweat Equity Regulations.

The Board of Directors / the Compensation Committee shall, subject to the applicable provisions of any of the SEBI Regulations and Companies Act, 2013 and other applicable provisions, have right to specify the procedure for buy-back of the Employee Stock Options issued under this Scheme, if to be undertaken at any time by the company, and the applicable terms and conditions, including:

- (i) permissible sources of financing for buy-back;
- (ii) any minimum financial thresholds to be maintained by the company as per its last financial statements; and
- (iii) limits upon quantum of the Employee Stock Options that the company may buy-back in financial year.

s) Rights of the option holder

The employee shall not have right to receive any dividend or to vote or in any manner enjoy the benefits of a shareholder in respect of option granted to him, till shares are allotted upon exercise of option.

Notice (Contd.)

t) Consequence of failure to exercise option

All unexercised options shall lapse if not exercised on or before the exercised period ends.

No amount shall be payable by the option grantee at the time of grant and hence no amount is required to be forfeited even if an employee does not exercise the options within exercise period and accordingly no adjustment is required to be made for the same.

u) Other terms

The Board or Compensation / Nomination and Remuneration Committee shall have the absolute authority to vary, modify or alter the terms of the Scheme in accordance with the regulations and guidelines as prescribed by the Securities and Exchange Board of India or regulations that may be issued by any appropriate authority, from time to time, unless such variation, modification or alteration is detrimental to the interest of the Option Grantees.

The Board or Compensation / Nomination and Remuneration Committee may, if it deems necessary, modify, change, vary, amend, suspend or terminate the AR ESOP – 2022, subject to compliance with the Applicable Laws and Regulations.

The shares may be allotted directly to the Option Grantees in accordance with the Scheme and such Scheme may also contain provisions for providing financial assistance to the Employees to enable the Employees to acquire or subscribe to the shares.

v) Certificate from Secretarial Auditors

The Board of Directors shall at each annual general meeting place before the shareholders a certificate from the secretarial auditors of the company that the scheme(s) has been implemented in accordance with these regulations and in accordance with the resolution of the company in the general meeting.

w) Terms of the scheme:

(1) A company may by special resolution of its shareholders vary the terms of the schemes offered pursuant to an earlier resolution of the general body but not yet exercised by the employees, if such variation is not prejudicial to the interests of the employees:

Notwithstanding the provisions of Regulation 7 sub-regulation (1) of SEBI SBEB & SE Regulations

and proviso to clause (1), a company shall be entitled to vary the terms of the schemes to meet any regulatory requirement without seeking shareholders' approval by special resolution.

(2) Subject to the proviso to clause (1), the company may by special resolution in a general meeting vary the terms of the schemes offered pursuant to an earlier resolution of the general body but not yet exercised by the employee provided such variation is not prejudicial to the interests of the Option Grantees.

(3) The notice for passing special resolution for variation of terms of the schemes shall disclose full details of the variation, the rationale therefore, and the details of the Option Grantees who are beneficiaries of such variation.

(4) The Company may re-price the options as the case may be which are not exercised, whether or not they have been vested if the terms of the grants were rendered unattractive due to fall in the price of the shares in the stock market;

Provided that the company ensures that such re-pricing shall not be detrimental to the interest of the Option Grantees and approval of the shareholders in general meeting has been obtained for such re-pricing.

x) Transferability of Employee Stock Options:

(1) The Options granted to an employee shall not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any manner. However, in the event of the death of the Option Grantee, the right to exercise all the Options granted to him till such date shall be vest in his legal heirs or nominees.

(2) In the event of death of the employee while in employment, all the options or any other benefit granted under a scheme to him/her till his/her death shall vest, with effect from the date of his/her death, in the legal heirs or nominees of the deceased employee, as the case may be.

(3) In case the employee suffers a permanent incapacity while in employment, all the options or any other benefit granted to him/her under a scheme as on the date of permanent incapacitation, shall vest in him/her on that day.

Notice (Contd.)

- (4) In the event of resignation or termination of an employee, all the options or any other benefit which are granted and yet not vested as on that day, shall expire:

Provided that an employee shall, subject to the terms and conditions formulated by the Compensation committee under sub-regulation (3) of regulation 5 of SEBI (SBEB & SE) Regulations, be entitled to retain all the vested options or any other benefit covered by these regulations.

- (5) In the event that an employee, who has been granted benefits under a scheme, is transferred or deputed to an associate company prior to vesting or exercise, the vesting and exercise as per the terms of grant shall continue in case of such transferred or deputed employee even after the transfer or deputation.
- (6) In the event that an employee who has been granted benefits under a scheme, is transferred pursuant to scheme of arrangement, amalgamation, merger or demerger or continued in the existing company, prior to the vesting or exercise, the treatment of options in such case shall be specified in such scheme of arrangement, amalgamation, merger or demerger provided that such treatment shall not be prejudicial to the interest of the employee.

As the Scheme would entail further shares to be offered to persons other than existing Members of the Company, consent of the members is sought pursuant to the provisions of section 62 (1) (b) and all other applicable provisions, if any, of the Companies Act, 2013 and as per the requirement of Clause 6 of the SEBI SBEB and Sweat Equity Regulations as and when applicable to the Company.

None of the Directors and Key Managerial Personnel of the Company including their relatives are interested or concerned in the resolution No. 7 and 8, except to the extent of their shareholding entitlements, if any, under the ESOP Scheme.

Your Directors recommend the Resolution set out in Item No. 7 and 8 of the Notice for adoption by the Shareholders as Special Resolution/s.
